### COMMUNITY INFORMATION EXCHANGE

The Community Information Exchange, or CIE, is held every month, and is open to anyone who wishes to attend, including all U.S. Army Hawaii Soldiers and family members. The meetings are from 9-10 a.m., the fourth Thursday of each month, at the Sgt. Smith Theater on Schofield Barracks. Check the [COMMUNITY CALENDAR](#) for any changes to the schedule. Meetings are not held in December. They are also streamed live on the garrison's [Facebook](#) page.

Community Information Exchange meetings inform Soldiers and families on installation and community matters. The primary responsibility for conducting Community Information Exchange meetings rests with the garrison commander and staff to develop the agenda of installation-wide and community-wide topics of interest and concern.

The garrison commander and/or the U.S. Army Hawaii senior commander attends and supports the meetings, along with garrison subject-matter experts and directors.

Slides from the meetings are available to download below. Past meetings can be viewed on [Facebook](#).

## SMOKE TESTING SEWER LINES

Underground Services, Inc., a subcontractor to Aqua Engineers, Inc., is conducting smoke testing of the sanitary sewer system.

Work crews will be in your area – Wheeler Army Airfield

**Beginning July 20, 2022 for approximately 2 weeks (August 2, 2022)**

A “SMOKE TEST” survey will assist our inspection crews in locating breaks and defects in our sewer system. The smoke you see coming from the vent stacks on houses or holes in the ground is **NON-TOXIC, NON-STAINING, HAS NO ODOR, WHITE TO GRAY IN COLOR AND CREATES NO FIRE HAZARD.**

*The smoke should not enter your home unless you have defective plumbing or dried up drain traps.*

It is advisable for the resident of each home to pour a gallon of water into each floor drain a minimum of 1 hour prior to scheduled testing. If smoke enters your home, there is good reason to assume that an improper sewer connection has been made for your home or business, which should be corrected by the responsible agency. In the event that smoke enters your home during the testing, you are advised to notify our work crew and/or Aqua Engineers, Inc. at **808-240-2207** and open windows to increase ventilation of the building. If you are not home during the scheduled testing and discover smoke when you return, please call Aqua Engineers, Inc.

Smoke used for testing is not harmful to pets, those with respiratory problems, or immobile individuals. In the event that any discomfort is experienced due to smoke entering your building, you are advised to vacate the area and find an area that is free of smoke.

## Thermostat Management Program

- **What:**
  - IPC installed new higher efficiency A/C systems with smart thermostats and recently made adjustments to the thermostats establishing a low-end threshold of 72 degrees or above
- **Why**
  - IPC is impacted by dramatically rising costs of electricity in Hawaii, which are at an all-time high. IPC experienced a more than 40% increase in electricity rates over the same period last year.
  - We can achieve cost savings that are reserved for future community enhancements that ultimately lead to a better community. Without taking these needed actions, our reserves for community enhancements will be impacted and limit future community investment
  - Ongoing energy conservation initiatives to diminish our environmental footprint, reduce energy, and do our part in carbon reduction
  - Energy is a precious commodity in Hawaii and is primarily tied to oil prices
  - We strive to identify meaningful energy and environmental conservation efforts like those playing out across the state of Hawaii
- **Residents' Concerns:**
  - Reasonable Accommodations Request Process
  - If there is a significant difference in the 2nd story temperature, call IPC, and we will come out to review your home A/C system.

The Sensory Lending Closet is designed to mitigate some of these challenges by loaning sensory items typically used by parents to assist in comforting children with special needs. Families who have a Family Member enrolled in EFMP may borrow the items FREE of charge for a thirty day period in the absence of their household goods.

**Required Documents:** Valid Military ID, copy of Orders and enrollment in EFMP.

**Loan Period:** Items are loaned for a thirty day period. However, extended borrowing may sometimes be accommodated, if our inventory permits.

# DHR - Family Travel Office

Due to the COVID travel restrictions, the process to request orders for all Government Funded Travel now requires additional steps. (Early Return of Dependent, Dependent Travel, Space A Travel and Student Travel.)

All Government Funded Travel requests are processed as follows:

1. Service Member submits the packet to their Chain of Command (packet checklists provided on the Garrison Webpage)
2. Chain of Command submits the packet to Schofield Family Travel Section Military-Personnel Division (SFTS-MPD)
3. After tentatively approving the request for travel, the SFTS-MPD provides the S-1 a Memorandum to be used as a justification to request a Travel Exception to Policy (ETP) signed by the first General Officer in the Chain of Command.
4. Chain of Command submits the signed ETP to SFTS-MPD
5. SFTS-MPD then provides the final order to S-1 and Service Member

\*Transportation and Carlson Wagon-lit (SATO) will require a copy of the final orders and signed Travel ETP to book HHG shipments and flights\*
