Community Resource Guide

These CRG contain lists of resources available to members of US military communities. They do not provide exhaustive information about each resource. You can then use the phone numbers or web links included with each resource to get more detailed information.

USAHC-SB App

USAHC-SB mobile app is designed to provide easy access to services and information in support of maintaining optimal health and readiness. We provide you with up-to-date contact information for the clinics and services you use the most. Now you can log on to your Relay Health and TRICARE Online accounts without opening your browser.

App of the Month: Parenting2Go

Parenting2Go helps Veterans and Service members reconnect with their children and provides convenient tools to strengthen parenting skills. Parents can find quick parenting advice; relaxation tools to use when frustrated or stressed; tools to improve their relationship with their children through positive communication; and strategies to switch gears between military life and home.
