## GET CONNECTED

### Community Resource Guide

These CRG contain lists of resources available to members of US military communities. They do not provide exhaustive information about each resource. Instead, they provide just enough information for you to quickly determine what resources are available to serve your needs at a particular location. You can then use the phone numbers or web links included with each resource to get more detailed information.

### USAHC-SB App

USAHC-SB mobile app is designed to provide easy access to services and information in support of maintaining optimal health and readiness. We provide you with up-to-date contact information for the clinics and services you use the most. Now you can log on to your Relay Health and TRICARE Online accounts without opening your browser.

### Tech of the Month:

### The Big Moving Adventure

Military families often have to move, and learning how to make this transition can sometimes be difficult. The experience for kids moving, in particular, may lead to feelings of sadness. There also might be anxiety around how to make friends in a new school. By expressing a positive attitude about military moves and asking your child to participate in the process, you can help her feel more at ease about the changes that may come with military relocation.

*Your Health. Our Mission.*

## Suspicious Packages

- **BLUF:** Events over the last few weeks show it is plausible to carry out attacks using packages containing IEDs or chemicals against government or military targets. All personnel, and their Families need to exercise caution and be aware of the threat from suspicious packages. Because of these events, there is an increased need to raise awareness among the Army community on the handling of suspicious packages and precautionary steps to protect personnel and their Families.

### (U) Indicators:

- Rigid or bulky
- Lopsided or uneven
- Wrapped in string
- Badly written or misspelled labels
- Generic or incorrect titles
- Excessive postage
- No postage
- Foreign writing, postage, or return address
- Missing, nonsensical, or unknown return address
- Leaks, stains, powders, or protruding materials
- Ticking, vibration, or other sound

### (U) Recommended Actions:

- Leave the package or mail where it was found. Do not try to clean any substances. Do not disturb.
- Evacuate and isolate the area
- Wash hands and exposed skin with soap and water
- Keep personnel who were possibly exposed in a designated area
- List the names of persons in the immediate area
- If believed to be a chemical substance, shut off fans or HVAC systems
- Contact authorities and emergency services.
