USAG-HI Pamphlet No. 25-31
Managing USAG-HI Command and Local Forms and Index of Command Forms

4. GENERAL.

a. Command Forms.

(1) Command Forms are those forms prepared by a USAG-HI Directorate or Special Staff Office which are used by more than one Directorate or office within USAG-HI. Command Forms require an accompanying Prescribing Directive. (See 5b(2)(b) below.)

(2) This document includes a complete index of Command Forms authorized for use by all units and activities and an index of rescinded Command Forms (Appendices A and B).

(3) Explanation of symbols used with the Command Forms Index.

(a) "+". Indicates the Command or Local Form contains a Privacy Act Statement.

(b) "F". Indicates the Command or Local Form is for official use only (FOUO).

(4) Command Form numbers are assigned by the USAG-HI Forms and Publications Control Officer (FPCO), Directorate of Human Resources (DHR), Administrative Services Division (ASD). Command Forms are numbered at the bottom left of the form in Arial 9-point bold in the sequence USAG-HI Form 1, 2, etc., followed by the date the form was approved. (A statement that a previous version of the form is obsolete may be included if needed.)

b. Local Forms.

(1) Local Forms are those forms prepared by a USAG-HI Directorate or Special Staff Office for use only within the proponent office. Local forms will have an accompanying Prescribing Directive when the complexity of the form or its use requires such, but is not mandatory.

(2) Local Forms are to be numbered in accordance with the office designation of the proponent office, e.g., IMHW-DHR Form -1, IMHW-DPW Form 1, etc., followed by the date the form was approved. A statement that previous editions of the form are obsolete can be included if needed.

5. RESPONSIBILITIES.

a. USAG-HI Forms and Publications Control Officer (FPCO).
USAG-HI Pamphlet No. 25-31
Managing USAG-HI Command and Local Forms and Index of Command Forms

The FPCO provides technical guidance on all forms-related matters to USAG-HI personnel and maintains record copies of all Command and Local Forms.

(3) The FPCO will process all DD Form 67s (Form Processing Action Requests – see App. C) submitted by proponents for new or revised Command Forms and provides the proper numbering for each form.

(4) The FPCO will maintain record copies of all Local Forms and associated prescribing directives and DD Form 67s provided by proponents. Copies of all quarterly Local Forms reports (DD Form 4815, Forms Control Register – see Appendix D) will also be maintained by the FPCO.

b. Command and Local Form Proponents.

(2) Command Forms.

(a) Directorates and Special Staff Offices create and maintain their Command Forms and notify the FPCO in the event a Command Form needs updating or recession at the time the forms action occurs.

(b) All Command Forms require a Prescribing Directive (e.g., a memorandum, circular, policy memorandum, publication etc.) prepared by the proponent office that explains the purpose and need for the Command Form. The Prescribing Directive may also indicate how the form can be obtained and may include information that explains any needed procedures for using the form or how to properly complete the form.

(c) Proponent offices may not use higher-echelon documents (such as an AR or DoD Regulation) as a prescribing directive, although these documents may be referenced in the Prescribing Directive.

(d) Prescribing Directives may include such information as is necessary to indicate the proper recordkeeping and disposition of the form in accordance with the Army Records and Information Management System (ARIMS) and any applicable internal directives.

(e) Proponent offices will review all Command and Local Forms at least every 18 months to determine applicability and need, revising or rescinding forms as necessary and reporting all changes to the FPCO for inclusion in updates to this Pamphlet. All Command and Local Form revisions, rescissions and other actions will be documented using the DD Form 67.

6. POLICIES AND PROCEDURES

a. Proponent Offices

(1) Command Forms.

(a) Proponent offices will submit new or revised Command Forms and their Prescribing Directives for review, approval and signature to the FPCO, accompanied by a completed DD Form 67.

(b) New Command Forms requiring the collection of personally identifiable information (PII) data from an individual must be reviewed and approved by the Privacy Act official (USAG-HI Records Manager, Chief, ASD, DHR). The FCPO will coordinate this review and approval process for each applicable form.

(c) Proponent offices must be aware of the restrictions of the Social Security Protection Act of 2010 under the provision of the Privacy Act of 1974. The collection of Social Security Number information is only for those purposes where there is a clear legal authority to do so. The USAG-HI Records Manager provides guidance as necessary on these issues.

(2) Local Forms.

(a) Proponent Offices will manage their Local Forms program internally, developing and approving Local Forms and any accompanying Prescribing Directives that may be needed for the local form to ensure its proper use and recordkeeping. Proponent offices will use the DD Form 67 for Local Forms approval within their organization; final approval will be by the Director or Special Staff Office Chief. Local forms are normally developed in draft by staff subject matter specialists and reviewed and concurred by the Administrative staff and appropriate managers and subject matter experts.

(c) Coordinates with proponent offices on needed revisions or changes to Command Forms as required.

(d) Maintains the Index of Command Forms and issues an updated USAG-HI Pam 25-31 no later than every 18 months.
