MEMORANDUM SEE DISTRIBUTION

SUBJECT: 25th Infantry Division and United States Army Hawaii Policy Letter #25 -  
Tobacco Use and Purchase

1. References.

- a. Army Regulation (AR) 600-20, Army Command Policy, 6 November 2014.
- b. AR 600-63, Army Health Promotion, 14 April 2015.
- c. Hawaii Revised Statutes (HRS) § 709-908, Tobacco products and electronic smoking devices; persons under twenty-one years of age.
- d. HRS, Ch. 321
- e. 18 U.S. Code § 13

2. Purpose. To improve the health and welfare of the 25th Infantry Division and United States Army Hawaii (USARHAW) community.

3. Applicability. This policy applies to all persons on 25th Infantry Division and USARHAW installations regardless of military status or affiliation.

4. Background. IAW with HRS § 709-908 and amended Ch. 321, effective 1 January 2016, tobacco products and electronic smoking devices may not be purchased by, sold to, or transferred to persons under 21 years old, and persons under 21 may not possess or consume tobacco products in public. 25th Infantry Division and USARHAW Policy Letter 25 follows the state law closely in order to promote our close relationship with the State of Hawaii and to improve the health and welfare of the 25th Infantry Division and USARHAW community. AR 600-63, para. 7-2 states that "using tobacco products harms readiness by impairing physical fitness and by increasing illness, absenteeism, premature death, and health care costs. Readiness is enhanced by promoting the standard of a tobacco-free environment that supports abstinence from, and discourages the use of, any tobacco product. Full cooperation of all commanders, supervisors, Soldiers, and Army Civilians is expected to ensure people are protected from the harmful effects of tobacco products."
