FINANCIAL SUPPORT

Q: Who needs to come to the financial processing center?
A: If you plan to stay in a hotel, and are a Soldier, only the eldest dependent must visit a financial
    processing center.

    If you are a DA Civilian, you must visit the financial processing center.

    All Soldiers on TDY do not need to visit a financial processing center. DTS authorizations are being built
    off-site. The Soldiers will receive an email verification.

    The only reason Soldiers would need to visit one of our financial processing centers is if they are starting
    or settling TLA, are signing on behalf of their eldest dependent who is under the age of 18 or have
    Government Travel Credit Card (GTCC) questions or concerns.

Q: Who does the financial support center assist?
A: All US Army Personnel and dependents who live in a housing area named in the Evacuation
    Authorization dated 9 DEC and addendums dated 10 and 11 DEC.

    This includes Soldiers and DA Civilians, and their dependents.

Q: How do I know when to come in?
A: We will process all affected Army Personnel at two sites, by the sponsor's pay-grade and first letter
    of the sponsor's last name, see table on the Emergency Evacuation Authorization Entitlements flyer.

    The Asia-Pacific Center will support E8-E9, W1-CW5, and O1-O4 Families. The AMR Community Center
    will support E1-E7 Families as well as O5 and above. Both financial support centers will support our
    Department of Army Civilians as well as walk-in Families throughout the week. Appointments are
    sequenced throughout the week by the first letter of the Family’s last name and the sponsor’s rank.

Q: What if I cannot come during my scheduled time?
A: We will not turn anyone away at either site but arriving outside of assigned period will likely cause
    delays. We ask all adhere to the schedule to the best of their ability to help keep wait times down.

Q: What are my entitlements?
A: Entitlements will vary based on family size and your decision to stay in your home or move to a
    hotel. Reference TF Ohana Financial Support FAQs Trifold for more information. Our finance experts
    will answer all of your questions during processing. Your entitlements begin on 2 December in
    accordance with the Emergency Evacuation Authorization, and are not impacted by when you process
    the Financial Processing Center.

Q: Can I utilize Airbnb or other vacations home rental services to procure lodging for my family?
A: Yes, use of Airbnb and other vacation home rental services to procure lodging is authorized given the
    evacuation authorization and resulting hotel room shortage. Families exploring this option must ensure
    they understand their lodging entitlement (see next question), and like all lodging, an
    itemized receipt must be presented to be reimbursed. In this instance, considered lodging may exceed
your entitlement so understanding said entitlement allows you to make an informed financial
decision. Also, the itemized receipt is necessary to process the reimbursement request.

**Q: What is the maximum I can spend on lodging?**

**A:** Lodging claimed by the Soldier (receipt under his or her name) will be reimbursed up to the
Actual Expense Allowance (AEA) of 300% of the government rate. The government rate
is $177/day. The maximum amount a Soldier can spend on lodging is $531/night. Taxes are not
included in the daily room rate, but will be reimbursed.

Dependent lodging will be reimbursed at the daily lodging rate ($177 per dependent over 12,
50% of $177 ($88.50) for dependents under 12). Taxes are not included in the daily room rate,
but will be reimbursed.

**Example 1:** Soldier is married with no kids (1 Soldier +1 Dependent over 12).

Hotel receipt in Soldiers’s name will be reimbursed up to the AEA 300% or up
to $531/day. Hotel receipts in the Spouse’s name are reimbursed up to $177/day.

**Example 2:** Soldier is married with 4 kids (Spouse + 2 kids over 12, 2 kids are under 12).

The hotel receipt in Soldiers’s name will be reimbursed up to the AEA up to 300% or up to
$531/day. Hotel receipts in the Spouse’s name will be reimbursed up $708/day ($177 x 3
dependents over 12, plus $177 for 2 dependents under 12 [$88.50 x 2 = 177.00]).

Lodging decisions are unique to every Family situation. Lodging allowances will be confirmed
with each Family during your scheduled financial processing appointment, so that every Family
can make the best financial decision regarding their lodging options.

**Q: Can I get an advance?**

**A:** Family members authorized evacuation entitlements are eligible to receive a travel advance.
Advances can be up to 80% of estimated entitlements for the first 30 days. You can apply when you
process through the financial support center.

**Q: What entitlements am I authorized if I stay in my affected home?**

**A:** If you decide to stay in your home, you will be authorized the TLA Meals only rate. See the Tri-fold
for specific rates. Our finance experts will work thru your unique set of circumstances
during processing.

**Q: Where are the financial support centers?**

**A:** Asia Pacific Center for Security Studies: 2058 Maluhia Rd Honolulu
AMR Community Center 182 Kauhini Rd Honolulu

**Q: What if I do not have a Government Travel Credit Card?**

**A:** TF Ohana has a limited number of hotel rooms under contract for individuals without GTCCs or the
capacity to book hotel rooms without a GTCC. Soldiers should identify at the in processing station
that they need contracted lodging. TF Ohana will work with Soldiers on site to coordinate for GTCC
assistance.
Q: I don’t think my GTCC is active/has a high enough limit.
A: Your Chain of Command is tracking all impacted Soldiers, and is ensuring cards are active, with a $10,000 limit. We will have help clerks at the Financial Processing centers to contact unit Agency Program Coordinators.

Q: How will TF Ohana initiate DTS authorizations for Soldiers?
A: The authorization will be initiated on your behalf. Soldiers will sign vouchers in DTS upon completion of their TDY either on site at AMR or at https://www.defensetravel.osd.mil/. Once the authorization is initiated, soldiers will receive an automated email verification to the email in their DTS profile. Family members will be processed using a manual system (DD 1610- Travel Orders), and this will be done at processing.

Soldiers should not have to return to the finance support center until you return to your home. You will automatically get scheduled partial payment every 30 days while on a TDY status.

Q: How often will I conduct settlements/vouchers? Who will contact me?
A: Vouchers should be filed every 10-14 days for dependents claiming safe haven entitlements. This can be done at your convenience at the AMR financial support center. Hours for filing vouchers will vary over the holidays, and will be posted on the USAG-HI website.

Q: What if I have a dependent I need to add to Defense Enrollment Eligibility Reporting System (DEERS)?
A: Dependents may only be added at the DEERS office located at the Military Personnel Division (MPD) Building 750, Schofield Barracks. Bring substantiating documents (Birth Certificate/Marriage Certificate). Authorized dependents are still authorized entitlements, but they cannot be processed or paid until a dependent is in DEERS.

Q: Where can I file claims for damaged personal property?
A: The Claims team will be available at the AMR Chapel 13-21 December 2021. Briefs are 0900, 1100, 1300, and 1500. The claims team will assist Families with the online process. See: https://www.JAGCnet.army.mil/PCLAIMS-Info.

**PETS**

**Q: I'm worried my pet may be sick. What is the guidance?**
**A:** Common symptoms of petroleum poisoning in pets include vomiting, gastrointestinal issues, and lethargy. It can progress to more serious clinical signs if not removed. The best course of prevention is to provide non-contaminated water to your pets, do not bathe with contaminated water and try to prevent any contact with contaminated water outside. Should your house have a persistent strong odor it is not recommended to leave your pet in there all day.

Most patients will recover quickly after the toxin is removed. Underlying conditions can hinder this recovery.

The Fort Shafter Veterinary Clinic is holding walk-in hours for affected families. Check their Facebook page or call (808) 438-5231 or (808) 438-5233 for information on upcoming dates and times.
