

U.S. Army Garrison, Hawaii – Environmental Compliance Guide

CARDBOARD

GENERAL INFORMATION

Corrugated cardboard is recyclable and is accepted at the Army Recycling Center (ARC) at 1087-B McMahon Road, Schofield Barracks.

WASTE CHARACTERIZATION

It is made of a sheet of corrugated fiber paper between sheets of cardboard; commonly used to make shipping boxes. All dry corrugated cardboard is recyclable. Cardboard contaminated with cooking oil, wax, food, oil and fuel stains can't be recycled and should be disposed of in an appropriate garbage container.

HANDLING AND DISPOSAL PROCEDURES

Recycle corrugated cardboard at the ARC. Cardboard should NOT be placed in or around dumpsters. Breakdown cardboard boxes, flatten and place in the designated recycling containers or bins labeled "cardboard." If cardboard containers or bins are not available, keep stacked in dry place and request pick-up by calling the Army Recycle Program at 808-787-0867 or filling out the online pick-up request form: [U.S. Army Garrison \(USAG\) Hawai'i Recycling Pick-Up Request Form](#).

Flattened, dry cardboard can also be brought to the ARC at SB 1087-B on McMahon Road.
