Halloween is a fun and spooky time of the year for kids. Make trick-or-treat safe for your little monsters with a few easy safety tips.

VISIBILITY:

Provide children with flashlights or glow sticks to carry for lighting. Use reflective tape as part of their costume.

DECORATIONS:

Dried flowers, cornstalks, and crepe paper catch fire easily. Keep all decorations away from open flames and other heat sources, like light bulbs and heaters. Remember to keep exits clear of decorations, so nothing blocks escape routes.

Use battery-operated candles or glow-sticks in jack-o-lanterns.

EATING THEIR TREATS:

Inspect all candy for any signs of tapering before allowing your little monster to eat it.

DRIVERS:

Slow down and be especially alert in residential neighborhoods. Children are excited on Halloween and may move in unpredictable ways.

WALKING:

Always walk on sidewalks or paths. If there are no sidewalks, walk facing traffic as far to the side as possible.

Cross the street at corners, using traffic signals and crosswalks. Parents should remind children to watch for cars.

COSTUME:

When choosing a costume, make sure costume and accessories are fire retardant and stay away from long trailing fabric. If your child is wearing a mask, make sure the eye holes are large enough so he or she can see out.

Happy Halloween

NCAT (ANAM) QR Code Scheduling Pilot

We are piloting a new QR code scheduling process for NCAT/ANAM!

 **Testing dates for this pilot will be conducted ONLY on 24 and 31 October 2025**

Pilot Testing Dates:

- Thursday, 24 October 2025
- Thursday, 31 October 2025

Testing Location:

- Desmond T. Doss Health Clinic, Building J2

How It Works:

- Scan the QR code to book an appointment for testing on one of the pilot dates.
- The QR code scheduling option applies to only the 24 and 31 October testing dates.
- Arrive 10-15 minutes before your schedule session

Non-Pilot Day Scheduling

- For all other testing dates, BDEs must continue to schedule through the **ANAM Distribution Email Group**: dha.tripler@tripler-amc.list.ddhc-anam-testing@health.mil

Need Help?

- If you experience any issues with QR code, encounter problems booking, or have questions or concerns, please email the ANAM distro email or contact the DDHC Cognitive Monitoring Program POCs: Ms. Stephanie Lora or Ms. Bobbie Gray, at 808-433-8496/8757

Thank you for helping us test this new scheduling system!
