

U.S. Army Garrison Hawaii – Environmental Compliance Guide

SCRAP METAL (Steel, Aluminum, Copper, Wire)

GENERAL INFORMATION

Scrap metal (free of contamination) is recyclable and is accepted at the Army Recycling Center (ARC) at 1087-B McMahon Road, Schofield Barracks.

Scrap metal is defined as a material that has no value except for its basic content and if property is recognizable as an end use items, it is probably not scrap.

WASTE CHARACTERIZATION

Recyclable metal cannot contain oil, gasoline, grease, hydraulic fluid, plastic or other or contaminants.

Scrap metal that can be recycled includes metal bandings, wire (concertina/barb wire cut into 3 foot sections), oil filters/cans (clean), drums/barrels (clean), steel, aluminum, copper.

HANDLING AND DISPOSAL PROCEDURES

Scrap metal bin **CAN NOT** contain CLIX Items, Munitions List Items, or Commerce Control List Items.

Restricted items must be turned-in through DLA.

All scrap metal must be drained, empty and cleaned of contaminants before dropping off at the ARC. To request a pick-up of scrap metal hopper, fill out the online pick-up request form: [U.S. Army Garrison \(USAG\) Hawai'i Recycling Pick-Up Request Form](#). A photo of the scrap metal is required before pick-up requests can be approved. Recycling Program staff will contact you with information on sending the photo.

Oil filters: see A-Z Fact Sheet “FILTERS: OIL” for more information.

Concertina wire, barbed wire, and metal banding must be cut to three foot length.
