About the Pediatric, Adolescent & Young Adult Medical Home

Our Medical Home provides evidence-based, patient-centered health care to patients from birth to age 26.

What's different about a medical home?

Each patient partners with a primary care provider and nurses to coordinate care with an extended team of behavioral health professionals, pharmacists, subspecialists and others.

Your core health care team works with you over time to take care of new health concerns as they arise, ensure delivery of preventive screening and services, manage chronic health problems, and promote a spirit of health and wellness.

The relationship between each patient and their health care team is the heart of the Medical Home.

Walk-In Immunization Clinic

Immunizations are provided at the Pediatric, Adolescent & Young Adult Medical Home on a walk-in basis.
Immunization hours follow clinic hours.

School and Sports Physicals

Let the scheduler know that you are scheduling a school and/or sports physical. Required forms are posted on our website (see below). Bring printed, completed forms to your appointment. Different forms are required for different schools and programs. If you are unsure which forms are required, please contact the school or program to clarify.
