COMMUNITY INFORMATION EXCHANGE

The Community Information Exchange, or CIE, is held every month, and is open to anyone who wishes to attend, including all U.S. Army Hawaii Soldiers and family members. The meetings are from 9-10 a.m., the fourth Thursday of each month, at the Sgt. Smith Theater on Schofield Barracks. Check the [COMMUNITY CALENDAR](#) for any changes to the schedule. Meetings are not held in December. They are also streamed live on the garrison's [Facebook](#)  page.

Community Information Exchange meetings inform Soldiers and families on installation and community matters. The primary responsibility for conducting Community Information Exchange meetings rests with the garrison commander and staff to develop the agenda of installation-wide and community-wide topics of interest and concern.

The garrison commander and/or the U.S. Army Hawaii senior commander attends and supports the meetings, along with garrison subject-matter experts and directors.

Slides from the meetings are available to download below. Past meetings can be viewed on [Facebook](#) .

Ready and Resilient Performance Center

✓ Who We Are

- Master Resilience Trainer – Performance Experts (MRT-PEs) are contractors who work at the R2 Performance Center and have a Master's or Doctoral degree with a specialized emphasis in Sport and Performance Psychology. This educational background equips our trainers with the methods, knowledge, and evidence-based practices to make a measurable, positive impact on your performance or your unit's performance.
- MRT-PEs can enhance the mental side of performance by providing mental toughness skills and techniques that develop soldiers into high performing tactical athletes, leaders, and team members. MRT-PEs help soldiers identify how to deliberately train the mental factors contributing to performance so that they can consistently perform at their best.

✓ What We Do and Who We Serve

- Ready and Resilient (R2) Performance Centers provide the foundation for individuals to build and sustain mental readiness and resilience. Mental readiness is an individual's or team's ability to think, feel, and act in a manner that optimizes performance in a demanding environment or with occupational and combat-specific tasks.
- Mental readiness, like physical readiness, can be improved, and requires intentional training to achieve peak levels of performance. R2 provides training and education resources to active duty, reserve, and National Guard soldiers, as well as family members and Department of the Army civilians at 32 R2 Performance Centers across the Army enterprise.

Ready and Resilient Performance Center

Where And When We Train

MRT-PEs create a dynamic learning experience by leading trainings in whichever “classroom” setting makes the most sense (e.g. the range, the gym, at your unit, in our performance center, etc.). MRT-PEs can customize training based on your needs and availability to suit any number of performances. We can facilitate a one-time training experience or run a series of workshops (recommended) to help achieve mental skill mastery and enhance performance. We are flexible and will work with your training schedule to best serve you.

Performance/Resilience Training Options

- ❖ **Unit Training:** Training is designed to deliver tailored skills to meet the needs of a unit. An initial intake meeting is scheduled between unit leadership and MRT-PEs to determine the type of performance training required. Blocks of time are then allocated to deliver training in the classroom and/or in the field.
- ❖ **Leader Development Courses:** Leader Development Courses utilize mental toughness skills to enhance leader effectiveness, team cohesion, and personal leadership qualities.
- ❖ **Team Building:** Team building helps units improve group dynamics. Training provides a framework for creating effective group goals, objectives, and a unified vision to further performance and cohesion.
- ❖ **Individual Mastery Training:** An individual may schedule one-on-one sessions with an MRT-PE. The goal of these sessions is to give the individual an opportunity to focus on a specific performance and apply mental skills to help maximize their potential.

Ready and Resilient Performance Center

Additional Training Offered

- ✓ **Family and Teen Resiliency**
- ✓ **Academic Performance Enhancement**
- ✓ **Counselling Enhancement Workshop**
- ✓ **Deployment Cycle Resilience Training (Units and families)**

DHR - Family Travel Office

Due to the COVID travel restrictions, the process to request orders for all Government Funded Travel now requires additional steps. (Early Return of Dependent, Dependent Travel, Space A Travel and Student Travel.)

All Government Funded Travel requests are processed as follows:

1. Service Member submits the packet to their Chain of Command (packet checklists provided on the Garrison Webpage)
2. Chain of Command submits the packet to Schofield Family Travel Section Military-Personnel Division (SFTS-MPD)
3. After tentatively approving the request for travel, the SFTS-MPD provides the S-1 a Memorandum to be used as a justification to request a Travel Exception to Policy (ETP) signed by the first General Officer in the Chain of Command.
4. Chain of Command submits the signed ETP to SFTS-MPD
5. SFTS-MPD then provides the final order to S-1 and Service Member

Transportation and Carlson Wagon-lit (SATO) will require a copy of the final orders and signed Travel ETP to book HHG shipments and flights
