Unit Outreach

We would like to spotlight 215 th BSB for the month. With support from BFMC, 215th BSB company commander, CPT Jose Arriaga Jr., Guidance Counselor Fola. Davidson was able to ensure Soldiers are aware of the resources and how to effectively utilize them. She provided family members and Soldiers in the organization information including BSEP, GI Bills, College 101 and Spouse benefits which are offered by the Fort Hood Education Services Division (ESD). Her commitment to accessible, informed guidance reflects the Army's broader goal of empowering Soldiers to pursue their educational, credentialing, and career goals ultimately strengthening both individual readiness and future development.

Guidance counselor Maddie Moortel conducted 3 in processing briefings to 66 Soldiers of her assigned unit: 13 th ACSC during the month of June. Mr. Paul Joseph provided an education resources table and counseled Soldiers of 2nd Brigade & 1st CD.

BSEP

I am SPC Nicholas Highnote, in 11th SIG 62D ESB, B Co., and I am from Atlanta Georgia. I attended the BSEP course to open doors to future careers within the Army. Having a higher GT score could allow me to reclass or pursue becoming a Warrant Officer. I had heard good things about the BSEP class from fellow soldiers and about how they were able to increase their scores. My teacher Mrs. Jett did a great job setting me up for success. I don't think I could have done as well without her instruction. She was very patient with the class and made the material enjoyable. I would highly recommend BSEP for anyone who would like to increase their GT and AFQT scores.
