

Army Civilian Career Management Activity ACCMA

Udemy: Professional development at your fingertips

What's in it for me?

Udemy allows employees and supervisors to create learning paths composed of Udemy business courses, custom courses, and web links.

Why is ACCMA providing this?

The Army is investing in your professional development, whether it's in your primary job or something new you want to learn, with a catalog of over 7,000 courses.

How does Udemy support my professional goals?

Udemy has the capability to create specific learning paths, focus training on meeting goals on individual development plans, or to follow your interests.

- The Army Civilian Career Management Activity (ACCMA) has teamed up with Udemy to provide Army Civilians educational opportunities for learning new skills and refining old ones outside of the traditional classroom.
- This is a new enterprise tool available to all Army Civilians, which can be used in concert with other virtual or live training to complete your individual development goals.
- Reach your professional development goals with Udemy. Explore! Be a life-long learner!

Every General Administration & Management Functional Community member was sent an activation link via email.
