MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Policy 21-66, Ammunition Amnesty Program

1. REFERENCE. Army Regulation (AR) 710-2, Supply Policy below the National Level
2. PURPOSE. The U.S. Army Ammunition Amnesty Program is intended to ensure maximum recovery of military ammunition items outside the supply system. It is not intended to circumvent normal turn-in procedures. The amnesty program provides an opportunity for individuals to return ammunition found, stolen, or misplaced without fear of prosecution.
3. GENERAL. Amnesty turn-ins will not be the basis for initiation of an investigation or prosecution and are exempt from AR 190 series investigation requirements. This program does not, however, prevent investigations or prosecutions based on other evidence.
4. POLICY.
 - a. Ammunition or explosives (live or expended) found on or off the installation may be turned in to the Ammunition Supply Point (ASP) at any time day or night, seven (7) days a week. Under the Ammunition Amnesty Program, no paperwork is required to turn in any ammunition. During normal duty hours (Monday through Friday), 0700 to 1600, ammunition can be brought to the Ammunition Surveillance Office (building 13524). During non-duty hours, 1600 to 0700 and weekends, ammunition may be placed in the Amnesty box. Military munitions turned in as part of the Amnesty program should not be transported in privately owned vehicles (POVs).
 - b. Amnesty boxes are located at the Ammunition Supply Point (ASP) building 13524 and Range Control Office (building 15424). Amnesty boxes are only designed to receive CAL .50 and smaller cartridges. Larger munitions items must be coordinated for turn in with the Ammunition Surveillance Office after EOD has deemed items safe for transport.

AMIM-HUG-ZA (RN 40-5a2)

SUBJECT: Policy 21-66, Ammunition Amnesty Program

c. Ammunition found off installation.

(1) Extreme care must be taken when receiving ammunition from off installation sources. Old war trophies and souvenirs can be extremely unstable. If there is any question as to the safety or stability of any item being turned in, do the following:

(a) Do not touch or disturb the item (other than small arms up to CAL .50). Carefully secure the location and isolate the item.

(b) Immediately contact the Military Police (MP) Desk at 533-3000 and request the MP Desk contact the Explosive Ordnance Disposal (EOD) personnel on call and local authorities.

(c) Await the arrival of EOD.

(2) If determined to be unsafe, EOD will dispose of the ammunition or explosive immediately.

(3) Once EOD has cleared the ammunition, it can be transported to the ASP.

d. Ammunition found on installation.

(1) All FOI (Found on Installation) ammunition will be considered hazardous. Small arms ammunition has a minimum hazard (up to and including caliber .50). All other FOI ammunition more than .50 caliber will not be moved by untrained personnel. Notify Range Control directly or the MPs to secure the area and contact EOD as required. In the event those personnel are unable to respond, contact the QASAS at the Ammunition Surveillance Office, ASP, Building 13524, 533-1843 for assistance.

(2) Small arms ammunition (up to and including caliber .50) while hazardous, has a minimum hazard. It may be transported to the ASP for immediate turn-in using a tactical vehicle.

(3) After evaluation, EOD will dispose of as required or clear any FOI ammunition to be moved to the ASP.

e. Amnesty Day. An installation amnesty day will be scheduled annually to assist in the collection of abandoned or unauthorized ammunition. The amnesty day will receive wide spread publicity on the installation and in the surrounding civilian communities.

AMIM-HUG-ZA (RN 40-5a2)

SUBJECT: Policy 21-66, Ammunition Amnesty Program

5. The proponent for this policy is the Garrison Safety Office at (520) 533-3697 and Army Material Command (AMC) Logistics Readiness Center Quality Assurance Specialist Ammunition Surveillance (QASAS), Fort Huachuca ASP, (520) 533-1843.
