This will be on a first come first serve basis. We hope to see you at the RAD!

Survivor Benefit Plan (SBP)

The Survivor Benefit Plan (SBP) was created to provide financial support to military Spouses and/or children when a military member dies while on active duty or after retirement. SBP provides eligible beneficiaries with a monthly payment known as an annuity. The recipient of an SBP annuity is referred to as the annuitant. The amount of the SBP benefit is a percentage of retired pay. The percentage depends upon whether the member chooses full or reduced coverage at retirement. SBP provides up to 55 percent of a service member's retired pay to an eligible beneficiary upon the death of the member. After the Service Member passes away, the SBP annuity is paid out monthly to the surviving spouse, or to the child or children of the service member.

Survivor Benefit Plan (SBP) 2023 Open Season

The National Defense Authorization Act (NDAA) for Fiscal Year 2023 includes a Survivor Benefit Plan (SBP) Open Season.

The SBP Open Season began on 22 December 2022, and ends on 1 January 2024.

There are two distinct kinds of Open Season requests: Enrollment and Discontinuance. Each has its own requirements for eligibility, along with separate processes, provisions, paperwork, and payment options (for Enrollments). Contact your RSO or DFAS for more information.

Reserve Component Retirement

United States Army Reserve and National Guard Soldiers must apply for retirement. To be eligible for retirement at the age of 60, the Soldier must have 20 qualifying years of service and attained the eligibility age.

Soldiers may submit retirement packets 6 to 12 months before their 60th birthday and can download a retirement application from the Reserve Component Retirements (RCR) website or request the application via email.

Understanding MEDICARE and TRICARE for Life

TRICARE for Life (TFL) is available to TRICARE retirees, family members and beneficiaries, regardless of age or where you live. If you have Medicare Part A and Medicare Part B, you are eligible for TFL on the first date you have both Medicare Part A and Medicare Part B. Medicare Part A covers inpatient hospital care, hospice care, inpatient skilled nursing facility care, and some home health care.

The Social Security Administration (SSA) determines your entitlement to Medicare Part A based on your work history or your spouse's (this includes divorced or deceased spouses) work history.

Medicare Part B covers provider services, outpatient care, home health care, durable medical equipment, and some preventive services. Medicare Part B has a monthly premium, which may change yearly and varies based on income.

MEDICARE Enrollment and TRICARE for Life

The window for enrollment for MEDICARE spans seven months (3 months prior to birth month, birth month at age 65, and 3 months following). If you do not enroll at age 65, there is a penalty, and you lose TRICARE coverage until you eventually enroll in MEDICARE. Although the MEDICARE window spans several months, BE ADVISED, if you are approaching age 65, check the expiration date of your ID card; it should expire on the last day of the month preceding your birth month. At that time your medical benefits under regular TRICARE will also expire.

Enrollment in MEDICARE PART A and B, and possession of your MEDICARE card is required for update in DEERS and issuance of a new ID card which enrolls you in TRICARE FOR LIFE. It is best to enroll in MEDICARE at the earliest possible date to ensure seamless transition of medical benefits.

To enroll in MEDICARE parts A and B, contact the Social Security Administration at (800) 772-1213 (online at www.ssa.gov) or MEDICARE at 800-633-4227 (online at www.medicare.gov). If you are deaf or hard of hearing, you may call the Social Security TTY number (800) 325-0778. You can also visit your local Social Security office. If you apply online, once approved, you can print your own MEDICARE card. If you are enrolled in MEDICARE when you are first eligible, but do not yet receive Social Security, MEDICARE will bill you for your MEDICARE Part B premiums.

DEFENCE FINANCE AND ACCOUNTING (DFAS)

As a retiree, it is important to keep your records updated.

An updated DFAS account refers to mailing and email addresses as well as banking information, allotments, tax withholding status, and beneficiary choices.

Be sure to report any change of life events as soon as they happen.

DFAS occasionally sends out correspondence regarding changes in the law that affect your pay. If your mailing address is not correct and you do not have a myPay account, DFAS has no way of notifying you about changes. DFAS is also communicating more via email to provide convenient customer service, so you will be better informed if you have a current email in your myPay account.

The easiest way to keep your account updated is to use myPay. You can use myPay to change your mailing address, your email address, your direct deposit information, some allotments, and your tax withholding status. You can also use myPay to verify payment information, including allotment amounts, or tax withholding, or check your SBP coverage on your Retiree Account Statement.
