

USAG HUMPHREYS

DIRECTORATE OF EMERGENCY SERVICES

Emergency Phone Numbers

POLICE – FIRE - MEDICAL

DSN: **911**

COMM: 031-690-7**911**

Stay calm, follow the Operator's instructions,
and don't hang up until instructed to do so.

Our 911 system activates at all emergency agencies simultaneously (Police & Fire/Medical). Both agencies pick up the phone and the Military police will answer initially: "911 What is your emergency?" The Fire Department will listen as the Police interviews the caller. Once the type of emergency situation is determined, the responsible agency for that emergency will take control of the phone call. Please do not call the agency directly during an emergency. Use the 911 system instead.
