

## Changes to DMV registration

Effective immediately, the Pyeongtaek Department of Motor Vehicles (DMV) has directed that all SOFA personnel, who purchase a vehicle from a non-SOFA entity, i.e., an off-post car dealer or local national, must register that vehicle at the DMV Office, located in downtown Pyeongtaek.

This is to insure that all Korean taxes are being collected on the transaction.

To obtain a strip map, with directions to the Pyeongtaek DMV Office, visit the Pass and ID Office, located in Maude Hall (Bldg. 6400, in Room G101), formerly known as the One Stop, or online, on the DES page of the USAG Humphreys webpage <https://home.army.mil/humphreys/index.php/about/Garrison/DES> , or by searching for the Pyeongtaek DMV in Waze. It is 11.6km (approximately 7 miles) from Camp Humphreys.

Vehicles can be deregistered at the on-post Pyeongtaek DMV substation, which is co-located with the Pass and ID Office, as long as they are being sold to other SOFA members or being shipped out of Korea.

Additionally, all trucks, vans and mini-vans, regardless of size or whether they are shipped in, must be registered at the same downtown Pyeongtaek DMV Office. This is due to special license plate requirements, which will be issued only at this DMV office. Trucks, vans, and mini-vans can be deregistered at the on-post Pyeongtaek DMV substation, as long as they are being sold to other SOFA members or being shipped out of Korea.

Finally, only sedans and SUVs can be both registered and deregistered at the on-post Pyeongtaek DMV substation. This includes SOFA member-to-SOFA member transactions and vehicles that are being shipped in or out of Korea.

POC for more information is the U.S. Army Garrison Humphreys Pass & ID Office, at 757-4000 or 0503-357-4000.
