MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Command Policy #25, Unauthorized Child Care in Government Owned or Government Leased Housing

1. References:

- a. AR 608-10, Child Development Services, 11 May 2017.
- b. United States Army Garrison (USAG) Humphreys Directorate of Public Works, Housing Division Handbook, 1 May 2019.

2. Purpose: To provide USAG Humphreys with appropriate procedures for unauthorized child care in government owned and leased housing off and on the Garrison.

3. Scope: The procedures contained in this SOP apply to all Agencies and Directorates charged with stopping Unauthorized Childcare on USAG Humphreys.

4. DEFINITION: Unauthorized child care is defined as anyone living in government owned, leased, or privatized housing providing child care for more than 10 child care hours per week on a regular basis. A child care hour is defined as one (1) child for 1 hour of care. For example, the 10 hours could include one (1) child in care for 10 hours or two (2) children for five (5) hours, etc. The 10 hour child care limit was established to protect children from being in unregulated, and possibly unsafe child care settings on an on-going basis.

5. Procedures:

- a. Child and Youth Services (CYS): Reports of unauthorized child care being conducted in government owned, leased, or privatized housing puts the health and safety of children at risk. Reports of unauthorized child care will be forwarded to the CYS Coordinator. Complaints of unauthorized child care may be received from a variety of sources to include Interactive Customer Evaluation (ICE), Commanding General (CG) hotline, phone call to the Provost Marshal Office (PMO), and/or CYS, etc.
- b. Management personnel from CYS, will visit the home within two (2) working days of receiving a complaint to verify whether or not an individual is providing child care without a valid Family Child Care (FCC) home certificate. The Garrison Housing Office

(GHO) will be notified of the pending home visit and will accompany CYS personnel when conducting the unauthorized child care investigation. If, at any time the occupants of the house are deemed to be threatening or hostile the team will depart and a Military Police escort will be scheduled for a follow on visit to occur in 24 hours.

c. Personnel from CYS and Housing will not enter the housing unit without the consent of an adult occupant.

d. If no one is home a second attempt will be made within 24 hours by CYS and Housing.

e. During the investigation if a preliminary determination is made that unauthorized child care is taking place, the individual will be given notice of the requirement to be certified to provide child care. The Garrison Commander (GC) will coordinate with the Staff Judge Advocate (SJA) in order to comply with local Commander's Critical Incident Reports (CCIR) any applicable local reporting requirements and to provide notification to affected persons (i.e., patrons of the unauthorized childcare) as appropriate.

f. When a determination is made by CYS management personnel that an individual is providing care in the home in excess of 10 child care hours per week on a regular basis, the GC will provide written notification to the individual within 2 (two) days to cease and desist provision of care immediately. Copies of the Unauthorized Child Care Investigation Report and the GC notification will be sent to the GHO, PMO, and the **resident's unit** leadership or supervisor. Individuals providing unauthorized child care will be advised that their housing entitlement may be terminated or they may be barred from post, if unauthorized child care continues.

g. If the unauthorized child care continues after GC notification, or if subsequent reports of unauthorized child care are received, CYS personnel will again notify the GC. The GC will consult with the SJA regarding immediate action to prevent the unauthorized child care from continuing. If the unauthorized child care is occurring in government or government leased family housing, the GC may take action to terminate housing entitlement. If necessary, the GC has the authority to bar individuals from the installation.

h. If during the investigation occupants of the home are unresponsive or refuse to cooperate, the GC and the GHO will be notified immediately for appropriate actions to be taken as outlined in 5f.

i. If during the investigation evidence of child abuse or neglect are observed all mandated child abuse/neglect reporting requirements will be met to include reporting to the garrison Reporting Point of Contact, PMO and submission of CCIR to IMCOM.
