- a. Army Regulation 420-1, Army Facilities Management, 12 February 2008
- b. Volume I, 2003, January 2006, Korean Environmental Policy Bulletin, (Volume-based, Waste Free System in Korea)
- c. Korean Article 3, Minor Offense Act, 24 October 2017

2. Purpose. The purpose of this policy is to prevent unauthorized trash disposal in the Humphreys community. The cost to conduct trash disposal and clean-up of litter has risen dramatically since the transformation of Humphreys. These avoidable costs are incurred by trash from non-government activities, brought onto post and placed in government operated trash collection containers. Additionally, money is being unnecessarily spent on recyclable items from governmental activities and placed into general trash dumpsters as well as littering and illegal dumping.

3. Applicability. This policy applies to all individuals in off-post leased military housing, unaccompanied personnel housing, personnel who work on-post but live off-post, contractors and all persons who traverse within the geographic boundaries of Humphreys.

4. General:

a. This policy is punitive in nature and violation of the provisions herein may subject military personnel to disciplinary and/or administrative actions. Family members, civilians, contractors, and visitors who do not comply with this policy may be subject to administrative action or sanctions.

b. Trash, recyclables and bulk trash generated will be discarded from governmental activities through the collection service provided by the Garrison's Directorate of Public Works (DPW). Trash generated in off-post leased military housing areas must be

A private off-post residence is a home, apartment or condominium that is not located on Humphreys property. This includes government-leased housing off-post. Violators of this policy letter are issued an Armed Forces Traffic Ticket DD Form 1408.
