

STUTTGART GOSPEL SERVICE PRAISE AND WORSHIP TEAM

Praise and Worship Team performing at the Panzer PX.

Tessa Moss-Beaman, the Praise and Worship Leader, directing the Team.

Summary of Event: In celebration of Black History Month, the Stuttgart Gospel Service (SGS) Praise and Worship Team partnered with AAFES at the Panzer PX on 23 February to showcase gospel music in the community. The team and musicians sang gospel music during shopping hours at the PX. The SGS music is deeply rooted in African American history.

Impact:

- Gospel music is a historic reflection of African American history put to music. Individuals were able to reflect on the important role African Americans have played throughout our history.
- The empowering sounds of the gospel music created a spiritual experience that inspired and gave hope for a better world.
