USAG Wiesbaden Catholic Religious Education @ Home, under the guidance of CRE Coordinator, Michele Puehler, reaches a total of 145 registered students – That's a total of 71 families during COVID-19.

This is distance learning – we have a great team of dedicated catechists that are devoted to supporting parents in the continuing faith formation of their children. Catechists research, and thoughtfully put together a CRE lesson each week and send this to the parents via email.

CRE @ Home offers reassurance that faith formation is important and that we stand united with our parents as they take on the responsibility of bringing the faith home and establishing ties to the domestic Church.
