

# LIVORNO ELEMENTARY / MIDDLE SCHOOL

**Purpose Statement: We collaborate to provide all students with rigorous, engaging, and differentiated instruction in a nurturing and safe environment, igniting a passion for lifelong learning.**

We are located at Darby Military Community, halfway between Livorno and Pisa, Italy. Livorno EMS serves students from kindergarten through 8th grade. We are a small school with a family feel that gives individualized attention to our students and families. Our multi-grade classes have fewer students than many schools, usually no more than 15.

Our staff boasts a wide variety of certifications in order to offer our students as many opportunities as possible. Students participate in Art, PE, Health, Italian language and culture, and technology classes. Clubs include Student Council, Junior Leadership Seminar, Art, Robotics, Lego, and Math Counts.

Our school is categorized as a Level 0 school in regards to the level of support available for students enrolled in the Exceptional Family Member Program (EFMP). This designation considers resources available in the school and on the installation, including medical and behavioral health. Students enrolled in EFMP generally attend DoDEA schools categorized Level 1-3, depending on the level of support they need. Sponsors are encouraged to consult the "Early Intervention, Special Education, and Related Services in OCONUS Communities" publication at [www.dodea.edu](http://www.dodea.edu).

## ADMINISTRATION

Jonathan Daniels, Assistant Principal

## SCHOOL FACTS

55 Students

9 Teachers

3 Support Staff

1 Local National

1 Administrator

Our classes average 12 students.
