## AUGUST IS ANTITERRORISM MONTH

Law enforcement and security professionals need your eyes and ears as a force multiplier to help ensure the safety and security of USAG Italy. It is vital for all community members to be aware of their surroundings and properly prepared. The threat is real. There are constant and ongoing threats every day to our nation and our military. Community members are encouraged to use all resources available to protect themselves and their families. "See Something, Say Something": Anyone who witnesses something suspicious should report it. Even partial reports can help officials investigate and put the puzzle together; what one person may have missed, another person may have reported. A good rule of thumb is: If it causes you to question what you see, report it; it's always better to be safe than sorry. Individuals can report to local law enforcement, through the iSALUTE website: <https://www.inscom.army.mil/isalute/> or with the USAG Italy Antiterrorism Office at DSN 646-5714, 646-5715, or 646-5716.
