- Phone Numbers – Next Friday (21 March 2025) our Messaging/Call Center will move to a new contract which should decrease wait times and prevent calls from being dropped unexpectedly.
- Patients will be able to call (803) 751-CARE / 2273 or (833) 662-7433 with uninterrupted service.
- My Military Health – Everything we do is about making sure our patients have the tools they need to better manage their health, and that's why we are introducing, "My Military Health." With this new care model, you'll be able to meet with your care team at a time and location that's convenient for you. You can have a telephone appointment, a virtual one, or if you still prefer, you can come into the clinic. By following this model, your team will be able to reduce unnecessary trips to the clinic that can be taken care of over the phone or by a virtual appointment. This will also open up our providers' schedules so that more appointments are available, and wait times are reduced.
- The way it works: If you want to make an appointment you call the number above, tell the messaging center representative what your healthcare needs are, and they in turn will message your primary care team with the details. This helps the team determine if you need to be seen in person, or if a virtual or telephone appointment is more appropriate. You can also message your care team through MHS Genesis.
- Once the message is placed with our team, you will receive a telephone call back the same day letting you know when and what type of appointment is available for you. (NOTE: Calls placed after 3:30 p.m. will be answered the following business day.)

OMB Control Number: 0704-0553 | OMB Expiration Date: 31 May 2025

1. Use caution near streets/snow removal equipment

Residents—especially children—should use extreme caution near streets during and after a winter storm as snow removal trucks have limited visibility. Snow piles along the roads further restrict visibility—always keep children away from these areas.

2. Going away? Let us know.

If you are leaving your home for a period of time, make sure to notify our management office so our team can periodically check on your home—particularly in the event of a storm. Also be sure to keep the heat running while you are away. Maintaining a proper home temperature will help prevent pipes from freezing and potentially bursting.

3. Allow faucets to drip

Allow a faucet to drip slightly to keep water moving and relieve pressure in the system.

4. Keep interior doors open

Pipes are often located in cabinets. When temperatures drop, it's a good idea to keep these cabinet doors open to allow heat to circulate around pipes. Also look to keep interior doors open so that heat can flow throughout the home.

5. Disconnect garden hoses

Make sure your garden hose has been disconnected from your exterior faucet—leaving them attached can cause damage.

6. Secure outdoor items

Secure items that can be blown by high winds and subsequently become projectiles or get lost or damaged in a storm.

7. Call Maintenance

If you discover that you have no heat, no water, a frozen pipe or leak, contact our Maintenance team for immediate assistance.

8. Check your renters insurance

Obtaining a renters insurance policy is highly recommended, as damage to your home due to frozen/burst pipes may be a resident's responsibility. Renters insurance will also help protect your personal property in the event of damages.

STAY SAFE & CONNECTED

We urge all residents to take the necessary steps to be prepared for winter weather and stay safe. During storms, our team will send out regular updates regarding any utility issues, safety concerns or other issues impacting our community.

Not receiving our emails? Get connected simply by calling or emailing our management office and providing the email address you would like added to receive our communications.

Installation Safety Office

Army Traffic Safety Program (ATSTP)

Information and Benefits

- ❖ ATSTP is governed by AR 385-10, paragraphs 13-17 & 13-18
- ❖ All the classes are open to Active-Duty Service Members, Active Reservist and National Guards, and DoD Civilians (on space available basis).
- ❖ Basic Rider Course (BRC) curriculum now requires the completion of an online course (eCourse, on the Motorcycle Safety Foundation website) prior to local BRC course attendance. DoD civilians must pay a one-time \$19.99 fee (Civilians can spend up to \$300-\$400 for off-post instruction).
- ❖ The program saves Service Members and DoD civilians hundreds of dollars and is conveniently located.
- ❖ Many insurance companies offer drivers discounts on auto insurance premiums if drivers complete a defensive driving course.

Courses offered:

- ❖ Remedial Driver Training (RDT)- 8-hour course, with a max of 36 seats/year, designed to help students are convicted of a moving traffic violation or determined to be at fault in a traffic mishap while operating a government motor vehicle. The RDT informs the Service Member how behavior and choices can influence situations.
- ❖ Intermediate Driver Course (IDC)- 2.5-hour course, with a max of 90 seats/year, for Service Members aged 26 and younger that reinforces a positive attitude toward driving and individual responsibility.
- ❖ Motorcycle Basic Rider Course (BRC)- 2-day motorcycle course, with a max of 80 seats/year, for all motorcycle riders no matter the experienced level. The BRC teaches the fundamentals of motorcycle safety and is a onetime requirement. Motorcycles and PPE are provided.
- ❖ Advanced Rider Course (ARC)- 1-day course, with a max of 656 seat/year, designed to improve motorcycle rider's basic skills and teaches personal risk assessment. Required as a follow-on course after 6 to 12 months after completion of BRC. Required every time a Service Member has a change of stations.

Careers with DeCA

Looking for a fulfilling career, supporting the most deserving? Join us here at DeCA.

The Department of Defense expanded commissary shopping privileges in the U.S. effective 1 January 2020 as part of the Purple Heart and Disabled Veterans Equal Access Act of 2018, included in the John S. McCain National Defense Authorization Act for Fiscal Year 2019. This expansion adds to the existing authorized shopper list [here](#).

Follow these easy steps to verify Commissary eligibility before you shop:

1. Examine your Veteran Health Identification Card (VHIC), it must show either:

- Service connected
- Medal of Honor
- Purple Heart recipient status
- Former prisoner of war (POW)

NOTE: Ensure that the expiration date is current

2. Update if Necessary: If any condition is not met, contact VA Healthcare at 877-222-8387 to request an updated card.

3. Check Local Requirements: Verify entry requirements with your local installation.

For more information on policies and procedures for obtaining a VA Health Identification Card (VHIC) and accessing DOD installations with your VHIC, click the following link: [DOD VA INSTALLATION ACCESS](#)
