REGULATION  
NUMBER 600-3

25 October 2001

Personnel - General  
PROHIBITED PRACTICES AND ILLEGAL ASSOCIATIONS  
Supplementation of this regulation is prohibited.

1. **APPLICABILITY.** This regulation is punitive in nature and, unless otherwise indicated, applies to all persons assigned to, attached to, employed by, or present within Fort Jackson, or a tenant organization of Fort Jackson.

a. A violation of this regulation provides the basis for criminal prosecution under the Uniform Code of Military Justice (UCMJ) or applicable Federal criminal statutes; except that a violation of paragraph 4(j) of this regulation by soldiers-in-training (SITs), receptees, or holdovers does not provide a basis for punitive action under this regulation against the violating SIT, receptee, or holdover. The SIT, receptee, or holdover, however, is not immune from prosecution for violations of other provisions of the UCMJ. Commanders should consult with their servicing trial counsel before concluding the SIT, receptee, or holdover cannot be punished.

b. Violation of this regulation also provides the basis for adverse administrative actions against SITs, permanent party soldiers, student personnel, and anyone else to whom this regulation is applicable.

2. **PURPOSE.**

a. Illegal Associations. This regulation defines and prohibits illegal associations between permanent party soldiers, student personnel, or civilian employees and SITs, receptees, or holdovers, and also between or among SITs in basic combat training (BCT) and advanced individual training (AIT). Illegal associations

\* This regulation supersedes FJ Reg 600-3, 1 November 1994.

are harmful to mission accomplishment. The goal of this regulation, insofar as illegal associations are concerned, is to instill Army values, establish and maintain the training environment necessary to develop pride, motivation, military skills, discipline, and develop confidence in SITs, receptees, and holdovers. In the United States Armed Forces, the unique setting of having a combat mission, following orders, exercising command and control, and maintaining order and discipline requires that restrictions be placed on co-worker relationships which may compromise these aspects. To carry out the mission, subordinates must have unquestioned respect for noncommissioned, warrant, and commissioned officers. Anything less compromises the effectiveness of these senior leaders. Equally unacceptable is the perception that these standards have been compromised. The effectiveness of senior leaders is based on the quality of what they do and the perception of what they do.

b. The fact that an act is not prohibited by this regulation will not be construed to permit an activity which is in violation of law or another regulation.

3. **SCOPE.** The enumeration of prohibited activities in this regulation is not exclusive; other practices or activities may be prohibited by other laws or regulations, and by specific prohibitions in the punitive articles of the UCMJ.

4. **PROHIBITED PRACTICES.** The following activities or practices are prohibited:

a. The possession, use, sale, transfer, or introduction onto the Fort Jackson Military Reservation (Reservation) of any device, instrument, or paraphernalia designed or reasonably intended for use in the introduction into the human body of any controlled substance.

b. The possession on the Reservation of:

(1) any knife having a switchblade or automatic blade opener;

(2) brass knuckles or similar devices;

(3) blackjacks, saps, throwing stars, nunchaku, and similar martial arts weapons or equipment. As an exception to this provision, nunchaku may be possessed for bona fide educational instruction, or for competition in a recognized martial arts program, and may be transported directly to and from such educational or competitive martial arts events. It is the responsibility of the person claiming this exception to establish that the exception applies;

(4) knives with blades in excess of three inches in length, when carried on one's person in an unconcealed manner, except while engaged in hunting, fishing, camping or other outdoor

recreational activities or when required in the course of military duties. It is the responsibility of the person claiming this exception to establish that the exception applies;

(5) knives with blades in excess of three inches in length, razors and ice picks, when carried on one's person in a concealed manner;

(6) any type of non-government procured explosive, pyrotechnic, incendiary fireworks, or device capable of discharging a chemical or substance which has a disabling effect on humans or household pets, or otherwise controlled or illegal pursuant to any safety or environmental laws or regulations applicable on the Reservation. Devices specifically designated and marketed for the purpose of personal protection are permitted.

c. Unless an exception for a special occasion has been granted by the installation commander or officials to whom this authority has been delegated, the consumption of alcoholic beverages, or the possession of an open container thereof,

(1) by military personnel in uniform during normal duty hours,

(2) by military personnel during their assigned duty hours if their assigned duty hours are different from normal duty hours,

(3) by civilian employees during their assigned duty hours (for civilian employees the lunch period is not duty time),

(4) by civilian or military personnel at their places of duty, or

(5) by any person in a public place on the Reservation, except that alcoholic beverages may be consumed at the Twin Lakes and Weston Lakes Recreation Areas, in the vicinity of Oyster Point (area around the Officers' Club), at installation club facilities governed by Section II, AR 215-2, and at any AAFES or AAFES concession food service facility which serves alcoholic beverages as a part of the on-premises food and beverage menu.

d. The presence of any person, at any time, in a trainee or receptee billeting area, or in a trainee or receptee unit office area, or at any trainee or receptee processing area, field or classroom or other training site, while impaired by consumption of alcoholic beverage or ingestion of illegal drugs.

e. Presence in any "off-limits" or "limited access" areas except as authorized by Fort Jackson Regulation 190-6;

f. The use of a metal detector on the Reservation for other than official purposes;

g. Scavenging in, or removal of, waste items or recyclable materials from dumpsters, garbage cans, outdoor trash receptacles, recycling collection points, or landfills on the Reservation, except by authorized personnel or authorized contractors and for official purposes;

h. Loitering in any public place on the Reservation;

i. The use on the Reservation of any electronic sound-generating device or amplification source such as, but not necessarily limited to, radios, stereos, tape players, and compact disc players, including such sound sources as may be installed or located in motor vehicles, in a manner so that the sound being generated is audible to the human ear more than 125 feet from the source, and which is not in use by law enforcement or emergency response personnel or as a safety warning device;

j. Illegal associations between any permanent party soldier, student personnel or civilian employee and any SIT, receptee, or holdover; or

k. Illegal associations between or among SITs in BCT or AIT;

l. Failure to report illegal associations; or

m. The use of an American Express Government Credit Card for other than official United States Government business.

**5. PROHIBITED PRACTICES RELATING TO FIREARMS.** The following practices or activities relating to firearms are prohibited:

a. Storage of privately owned firearms in any barracks, except in a unit arms room;

b. Storage of privately owned firearms in any BOQ, SBEQ, VOQ, guest quarters, or family housing quarters, unless

(1) the firearm is unloaded and any ammunition is stored in a locked container separately from the firearm, and

(2) one of the following firearm storage methods is used:

(a) the firearm itself is stored in a locked container, or

(b) a firearm trigger locking device is employed, or

(c) the firing pin is removed from the firearm and the pin is stored in a locked container, or

(d) the firearm is disassembled and the disassembled parts are stored in separate places.

c. Carrying on the person any privately owned firearm in a public place on the Reservation unless participating in an authorized sporting activity or hunting in accordance with applicable regulations;

d. For persons under 18 years of age, carrying on the person any privately owned firearm in a public place on the Reservation unless participating in an authorized sporting activity or hunting in accordance with applicable regulations, and unless in the actual presence of a responsible adult;

e. Carrying on the person a concealed firearm, except as authorized for military, federal, state or local law enforcement personnel in the performance of law enforcement duties;

f. Transporting in any vehicle any privately owned firearm except secured (locked) in a closed glove box, closed console, trunk compartment, or, if necessary, affixed (locked) to a rack designed to transport long barreled weapons or, in the case of a pick-up or sport utility vehicle, in the rear compartment, cargo compartment, or behind the seat (pick-up).

g. Carrying on the person or transporting in any vehicle any privately owned firearm within the Weston Lake and Twin Lake Recreation Areas.

h. It is prohibited to keep privately owned weapons in vehicles, even when properly secured, while at work, or while attending to other business on the installation not directly related to authorized shooting activities on the installation, except as follows:

(1) Personnel participating in authorized shooting activities before or after their duty day who must keep their weapon(s) in their vehicles must properly secure any weapon(s) and ammunition and inform their supervisor that weapon(s) are in their vehicles.

(2) Persons participating in authorized shooting activities on the installation, who must conduct other business while on the installation with weapon(s) in their vehicles must properly secure any weapon(s) and ammunition and confine such other activities to a minimum.

(3) "Properly secured" for the purposes of subparagraphs (1) and (2) above means: all weapons are unloaded and ammunition secured in a separate container. Pistols must be secured in a closed glove box, console, or trunk compartment, or if the vehicle does not have a trunk type compartment, preferably in a separate locked container (e.g., gun case), or in a locked type gun rack.

i. Registration.

(1) All military personnel residing on the installation will register privately owned firearms with their unit commander within five working days of reporting to Fort Jackson. Military personnel will complete and submit to the unit commander FJ Form 190-11-100, found at Appendix O, FJ Suppl 1 to AR 190-11 (Change 1). Military personnel will record any subsequent purchase of a privately owned weapon with their unit commander within three duty days of the transaction.

(2) Persons temporarily residing on the installation for more than three consecutive duty days and who have possession/ownership of a firearm shall register the weapon(s) by 1630 on the first duty day of introducing the firearm(s) on the installation. Registration will be completed at the Provost Marshal Office using FJ Form 190-11-100.

(3) Persons who register a firearm as required above must notify the Provost Marshal's Office within two duty days of the loss, theft, sale, or transfer of ownership of the firearm. Military personnel departing the installation by reason of PCS or ETS must clear the registration section prior to departure.

The term "public place" includes all housing areas, but **excludes** the actual family housing units, guest quarters, and bachelor officer and senior enlisted bachelor quarters (whether occupied by geographical or bona fide bachelors), as well as the immediate outside areas (those areas commonly considered to be, or defined in any official document as the yard) around all of the foregoing housing facilities. The definition of "public place" in this regulation is solely for the

purpose of internal installation management and the preservation of good order. It is not intended to, and does not, divest the installation commander of any statutory or other authority to exclude members of the general public from the installation. Further, this definition is not intended to, and does not, in any way operate to create on the installation a public forum.

f. Loitering - remaining idle and without purpose in one location, at one facility or on one premises; passing time idly or wandering about with no purpose in a public place in such a manner as to create a disturbance or annoyance to the peace and comfort of any person lawfully in the public place; creating a danger of breach of the peace, obstruction or interference with any person lawfully in a public place, or the obstruction or hindrance of the free passage of vehicles or pedestrians.

These prohibitions shall not preclude transportation of SITs, receptees, or holdovers in cases of medical or other emergencies or severe weather conditions when military transportation is not available, or in specific cases when authorized by a company or higher commander;

(12) A permanent party soldier, student personnel, or civilian employee entering any living quarters or latrines designated for SITs, receptees, or holdovers of the opposite sex, unless required by official duties, or in the performance of police or fire-fighting duties, or in the case of an emergency; SITs, receptees, or holdovers inviting any permanent party soldier, student personnel, or civilian employee to enter any living quarters or latrines designated for SITs, receptees, or holdovers of the opposite sex, unless required by official duties, or in the performance of police or fire-fighting duties, or in the case of an emergency;
