MEMORANDUM FOR Residents of Fort Jackson Privatized Housing

SUBJECT: United States Army Garrison (USAG) Policy Memorandum #23 – Refuse Container Storage and Maintenance

1. Purpose. To establish a refuse container storage and maintenance policy.
2. Applicability. Fort Jackson on post privatized family housing residents.
3. Policy.

a. Residents will locate all refuse containers outside of public view in the rear of the home or in the designated area, i.e., garage concrete pad or wooden/brick enclosure. Pierce Terrace 7 (PT7), where the designated area is located in front of the home, is excluded.

b. Residents will place all refuse items in the containers, with overflow items bagged and placed neatly beside refuse containers. Residents may place containers curbside for collection after 1700 the evening before scheduled pick-up days. Residents will return refuse containers to the storage area before 2000 the day of service, with containers clean and lids tightly closed. This will ensure sanitation, while also deterring vulture roosting with our housing community.

c. Residents will place recycle items in the recycle bin, with overflow items bagged and placed neatly beside the recycle bin. This will ensure collection and sanitation by eliminating windblown items throughout our housing community.

4. The proponent for this policy is the Army Housing Division. Point of contact is the Army Housing Chief at (803) 751-9343.

A handwritten signature in black ink, reading "T. R. Hickman".
