

Virtual Bakers Creek observance Sunday

The Bakers Creek Memorial was dedicated on Fort Myer June 11, 2009, by then Secretary of the Army Pete Geren (third from left) and then Fort Myer Garrison Commander Col. Laura Richardson (third from right).

Please join JBM-HH Commander Col. Kimberly Peeples as she hosts the annual Bakers Creek Memorial observance at 8 a.m. Sunday, June 14, to commemorate the 77th anniversary of the air crash in Queensland, Australia — a tragedy that took the lives of 40 Army Air Corps service members during World War II June 14, 1943. The ceremony can be viewed live online at www.facebook.com/jbmhh. Individuals do not need a Facebook account to view the video.

The Bakers Creek monument, a gift from Australia dedicated to the lives of those lost, was placed at Fort Myer due to its close proximity to Arlington National Cemetery. The memorial was dedicated June 11, 2009, by Secretary of the Army Pete Geren and Fort Myer Garrison Commander Col. Laura Richardson.

JBM-HH remains at FPCON Charlie

The baseline force protection posture for the National Capital Region is increased to Force Protection Condition Charlie effective June 1 until further notice.

JBM-HH continues HPCON Charlie

Joint Base Myer-Henderson Hall is at Health Protection Condition Charlie, which means there is a sustained possibility of community transmission of COVID-19.

“Ensuring the health and safety of our Soldiers, Families and civilians is one of my greatest responsibilities,” said Joint Task Force-National Capital Region and U.S. Army Military District of Washington Commanding General Maj. Gen. Omar Jones IV. “We will continue to work with individual installations to make certain each post has capabilities to protect our people and mitigate the spread of the virus.”

As we deal with COVID-19, our priority on JBM-HH remains to protect the force, preserve readiness and mitigate the risk of transmission among personnel.

At JBM-HH, we will continue to monitor the situation with public health officials. Garrison and tenant activities remain focused on delivery of essential services to the community and support to mission essential personnel required for mission assurance and national response efforts.

Depending upon any increase of the threat of transmission in the area, we may take the following actions.

- Further cancellation of in-person gatherings — all commercial activities such as commissaries, exchange services must keep a distance of 6 feet between customers.
- Further reduction of garrison and tenant services — we are working to find ways to provide virtual services as much as possible.
- Further modification of commissary, AAFES and CYS hours and services — we will continue to focus on mitigating the risk of transmission as much as possible.

People should take the following precautions.

- Plan activities for Family members, especially children, in case you are restricted to your home for prolonged periods of time.
- Prepare for the potential of limited access to supplies and services, including restricted access to military installations.

Saturday paving project

On Saturday, June 13 from 8 a.m. to 3 p.m. paving a paving improvement project will take place at the Old Post Chapel and Henderson Hall parking lots.

Portions of the south parking lot and drive of Henderson Hall will be closed during this time. The rest of the parking lot will remain open for parking lot use. A roaming temporary closure area will start near the parking lot entrance and move east into the parking lot to minimize traffic disruption. Traffic control personnel will be on hand to ensure pedestrian and vehicular safety.

McNair exchange reopens

The Fort McNair Express has reopened for normal operations, Monday through Friday from 7:30 a.m. to 5 p.m.

From the tax center

The 2020 JBM-HH Tax Center is now closed for the season. In response to the COVID-19 pandemic, the IRS has extended the filing deadline and the deadline for 2019 tax payments to July 15. Some states have also extended their filing and payment deadlines, so taxpayers should check with their specific states for details. For those seeking an alternative to the JBM-HH Tax Center, it is recommended that active duty service members visit www.militaryonesource.mil/miltax-software for free online tax preparation software and assistance. For retirees and other civilians, the IRS has free e-filing options for taxpayers with an adjusted gross income of \$69,000 and less. Learn more about those options at <https://www.irs.gov/filing/e-file-options>.

Working in extreme heat conditions

For the best protection from heat-related illness, workers should spend rest periods in a cool place, for example, in a lightly air conditioned room, trailer or vehicle. If these options are not available, workers should seek full shade.

During rest periods, workers may continue to perform mild or light work, such as completing paperwork, sorting small parts, attending meetings, and receiving training.

Have a knowledgeable person at the worksite that is well-informed about heat-related illness and has the ability to modify work activities and the work/rest schedule as needed. When evaluating an appropriate work/rest schedule shorten work periods and increase rest periods:

- As temperature rises
- As humidity increases
- When sun gets stronger
- When there is no air movement
- When protective clothing or gear is worn

Heat Index	Risk Level	Protective Measures
Less than 91°F	Lower (Caution)	Basic heat safety and planning
91°F to 103°F	Moderate	Implement precautions and heighten awareness
103°F to 115°F	High	Additional precautions to protect workers
Greater than 115°F	Very High to Extreme	Triggers even more aggressive protective measures

- For heavier work

Assign new and workers who aren't acclimatized lighter work and longer rest periods. Monitor these workers more closely.

When possible, more frequent shorter periods of exposure to heat are better than fewer longer exposures. This means that the work/rest schedules are often based on one-hour cycles and might call for a rest period of 15 minutes every hour during hot weather, and 45 minutes per hour when temperature and humidity are extreme. Individual requirements may vary greatly. Setting appropriate work rest schedules is critical for protecting our personnel during outdoor work.

For additional information on heat injuries, visit <https://safety.army.mil> or https://www.osha.gov/dts/osta/otm/otm_iii/otm_iii4.html.

Preparing for hurricane season

The Atlantic hurricane season has begun. Now is a good time to dust off your hurricane “go kit” to make sure you have the things you need to protect yourself and your loved ones from COVID-19 if you need to evacuate. In addition to the usual personal items, it is important to add in cloth face coverings, bar or liquid soap and hand sanitizer. For a comprehensive source of information, visit the CDC’s hurricane preparedness site at <https://go.usa.gov/xwYXS>.

Stay Safe During a Hurricane

Stay Informed

- ✓ Listen for emergency information and alerts.
- ✓ If told to evacuate by local officials, do so immediately.

Dealing with the Weather

- ✓ Determine how best to protect yourself from high winds and flooding.
- ✓ Take refuge in a designated storm shelter, or an interior room for high winds.
- ✓ If trapped in a building by flooding, go to the highest level of the building. Do not climb into a closed attic. You may become trapped by rising flood water.
- ✓ Do not walk, swim, or drive through flood waters. Turn Around. Don't Drown! Just six inches of fast-moving water can knock you down, and one foot of moving water can sweep your vehicle away.
- ✓ Stay off bridges over fast-moving water.

Personal Safety

- ✓ If you must go to a community or group shelter remember to follow the latest guidelines from the Centers for Disease Control and Prevention (CDC) for protecting yourself and family from COVID-19. **COVID-19**
- ✓ Be prepared to take cleaning items with you like soap, hand sanitizer, disinfecting wipes, or general household cleaning supplies to disinfect surfaces you may need to touch regularly. **COVID-19**
- ✓ Maintain at least 6 feet between you and persons not part of your immediate family while at the shelter [by avoiding crowds or gathering in groups] as much as possible. **COVID-19**
- ✓ Anyone over 2 years old should use a cloth face covering while at these facilities. **COVID-19**
- ✓ Only use generators outdoors and away from windows.

Myer Exchange extends refund policy

For military shoppers who need to make a return but are hesitant to visit the Fort Myer Exchange during the COVID-19 pandemic, the Army and Air Force Exchange Service is extending its return policy. All purchases made since March 16, are eligible for returns through July 1.

"While extensive preventive measures have been implemented at the Fort Myer Exchange to keep the military community safe, we understand that some shoppers may not feel comfortable going to a public place at this time," said Exchange General Manager JoAnne Cahalan. "Extending the return window gives military shoppers peace of mind."

The extended return policy applies only to items purchased in brick-and-mortar Exchanges. Since items ordered online can be mailed back, there is no extended return policy for online orders.

Myer Exchange curbside pickup

The Fort Myer Exchange has four parking spaces designated for curbside pickup. Authorized patrons can place an order online at shopmyexchange.com and select to pick up their purchases in store.

Once the store processes the order, the customer will receive a phone call alert that the order is ready for pick up. Designated spaces are provided for curbside pickup. When parked, a customer can either call or text the phone number on the sign, which is (703) 472-7342 to let the Exchange know which numbered space the vehicle is parked at. Exchange employees will be able to walk to the vehicle and deliver the purchased items.

For more information, please visit https://www.facebook.com/pg/MyerExchange/posts/?ref=page_internal.

If you submitted a form, but your family is not in one of the above categories, we are unable to provide care at this time. Forms received at the current time will be considered on a case by case basis.

Support firefighters

Firefighters answer the calling to be first responders in matters of life, health, and safety. Let's help them accomplish the mission to protect, support, and defend the JBM-HH community. If you or a loved one is feeling ill, do not visit the JBM-HH

firehouses for a medical evaluation. Instead, call your doctor or medical professional right away.

Your efforts can help keep our firefighters out of quarantine, working on the front line, while keeping our communities safe.
