

“ Safety Starts Wit - U ”

Halloween Is Here Are you being safe?

The CDC issued guidance on coronavirus-transmission risk levels of Halloween activities including haunted houses and trick or treating.

Key Takeaways

- An indoor haunted house where people may be crowded together and screaming is classified as a high-risk activity.
- Hay rides or tractor rides with people who aren't in your household are classified as high risk.
- Don't wear a costume mask over a protective cloth mask, because it can be dangerous if the costume mask makes it hard to breathe. Instead, consider using a Halloween-themed cloth mask.
- Limit the number of attendees as much as possible.

SMART, SIMPLE, SAFE!
