

# Fort Knox Safety Bulletin

FY 18-22

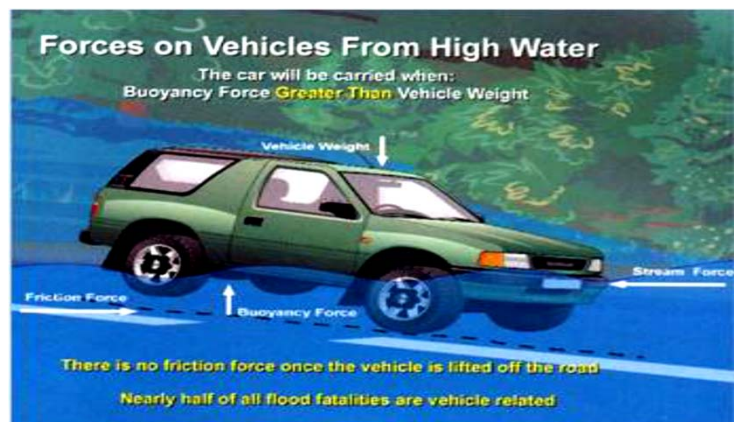

## ATTENTION

### Low Water Crossing and Flooded Roads

There are 22 Low Water Crossing Identified in the Range Area

#### Basic Safety Tips:

- Watch for Signs in Range area and Depth Markers
- If you see water crossing over a road and unsure of the depth-Turn Around.
- Avoid walking or driving through flood waters.
- Just 6 inches of moving water can knock you down, and 1 foot of water can sweep your vehicle away.
- Flash floods are the #1 cause of weather-related deaths in the US.
- If floodwaters rise around your vehicle but the water is not moving, abandon the vehicle.
- Stay away from down power lines.

**BE ALERT, STAY ALERT, STAY SAFE!**
