Fort Knox’s Binter Pharmacy Changing Prescription Pick-up Procedures

FORT KNOX, Ky, March 13 18, 2020 – Due to the significant uncertainty and health concerns regarding COVID-19, the Binter Pharmacy on Fort Knox will no longer have patients wait inside the lobby of pharmacy for their scripts. Instead, patients will utilize a ‘drop-off and pick-up only’ process to promote social distancing, as advised by the Centers for Disease Control (CDC). This change will go into effect Monday, March 16.

Patients can sign up for Binter’s notification system for alerts when their medication is ready for pick-up. We understand this changes pharmacy service procedures, and appreciate your flexibility and understanding during this time.

The Binter Pharmacy is located at 160 Binter Street near the Commissary and Post Exchange.
