

Fort Knox Safety Bulletin

FY 18-16

ATTENTION Spring Cleaning

Spring is here and it is time for Spring Chores

The following are also the basics of a Spring Service:

(Applies to 4-cycle engines, mowers and 2-cycle engines, trimmers and saws)

- ✓ If equipment is new, make sure there is oil in the crankcase
- ✓ Sharpen blades once a season. Inspect, clean or replace air filter
Inspect spark plug/s replace if fouled. Drain fuel from fuel tank at end of season. If fuel is bad replace it.
- ✓ General Inspection - a thorough inspection of wear items such as belts, tires, control cables, bearings, guards and other parts will help identify worn parts before they break.

Remember to:

- Wear appropriate personal protective equipment
- Drink plenty of water to prevent dehydration
- Wear sunblock, loose fitting clothing, closed toed shoes, long pants and a hat for shade
- Use bug spray
- Be aware of snakes, spiders, and other insects.
- If you find and standing water, empty it if possible to prevent mosquitoes

BE ALERT, STAY ALERT, STAY SAFE!
