FY 18-13

## ATTENTION

Preliminary Loss Report 17030 – Soldier killed in snow skiing accident after striking a tree this same time last year

Presidents Day is a time to reflect on past presidents of the United States of America observed on the third Monday of February.

- Regardless if you are staying in the local area make sure your activities are planned with safety and risk management in mind
- Night time driving is more hazardous especially with possible ice on the roadway or bridges when rain freezes over
- During this time winter weather can cause hazardous road conditions
  - Reduce your speed when snow or ice is possible on the road way
  - Be prepared for more traffic and delays around major cities during your trip

**BE ALERT, STAY ALERT, STAY SAFE!**
