

Fort Knox CPAC...

HR Tip of the Week

The CPAC began publishing information to the workforce in September 2010 via the HR Tip forum. Typically, we try to get information out on a bi-weekly basis. Since its inception, we have tried to touch on subjects for which we receive a lot of questions, or the topic was regarding something going on at Fort Knox. Hopefully, you've found the information we've provided helpful.

In an effort to make the HR Tip program more beneficial to you we'd like to ask for your assistance. The CPAC can address topics we feel are needed, however, as the customer you may have a different perspective.
