

DIG PERMIT/UTILITY LOCATE

Cantonment and Training Areas

KRS 367.4901 to 367.4917 and AR 420-1

Call 811 prior to digging

POSSIBLE AREAS OF CONCERN

Failure to locate underground utilities (water/sewer, electric, gas, phone, steam/chill water, control cables, petroleum/POL, cable TV) and environmental/historical sensitive areas (archeological sites, former solid waste disposal sites) can cause dangerous situations to personnel and the environment. Additional information can be found in Army Regulation AR 420-1.

CHARACTERIZATION

UTILITY LOCATIONS are required before any digging, excavation, or earthwork is performed within the cantonment or training areas. All utilities must be properly marked. Digging may create erosion issues. This applies to all organizations performing excavation of soil on Fort Knox.
