

HAZARDOUS MATERIALS REVIEW

HAVE YOU CHECKED YOUR HAZARDOUS MATERIALS TODAY?

1

ALL HAZARDOUS MATERIALS (HM) ARE TO BE TAKEN TO THE HAZARDOUS MATERIALS SUPPLY OPERATION (HMSO), BLDG 2953, BEFORE USE!

Taking HM to the HMSO, prior to use, ensures proper chemical tracking - *cradle to grave*. GCSS-Army orders are brought to the HMSO, vendors are to take their HM to HMSO & HM bought on the economy is to be brought to HMSO...BEFORE USE.

2

DOES YOUR HM REQUIRE A SHELF LIFE EXTENSION?

If you are properly implementing the FIRST IN FIRST OUT rule, you should not encounter issues with shelf life items, however, if a HM is about to expire, please call the HMSO at 502-624-5101 for assistance.

3

IS YOUR HM BEING STORED PROPERLY?

Review your HM's current SDS for proper storage information. Sections 7 - Storage and handling & 9 - Physical and Chemical Properties will guide you in the right direction! SDS Questions? Call the Fort Knox Safety office at (502) 624-4407.

4

TAKE EMPTY HM CONTAINERS TO HAZARDOUS WASTE (HW) AND TAKE YELLOW LABELS TO HMSO

Bringing the yellow labels back to the HMSO closes the tracking loop and removes the material from your inventory. Please take your empty HM containers to the Hazardous Waste Turn-in connex at bldg. 2954. Empty 55 gallon drums are to be taken directly to the QRP/Recycling center.

IF YOU HAVE HM THAT IS AT LEAST 1/4 FULL, IS IN USEABLE MATERIAL, WITHIN 2 YEARS OF EXPIRING AND IS COMMON USE, THEN THIS ITEM CAN BE PLACED IN THE FREE ISSUE CONNEX. IF YOU ARE IN NEED OF HM, PLEASE CHECK OUT OUR FREE ISSUE PRIOR TO PURCHASING.
