

You Dump It, You Drink It!

Dumping anything on the ground, or into ditches or stormdrains, gets into the groundwater, which gets into your drinking water. Keep grease, trash, and other yukky stuff in the right place. We all need to take care of our environment to stay healthy now and in the future.

- Keep your “Dumpster Neat, not Nasty!” Put trash in the bin and close lids to keep rain water out.
- Report a spill: Call 911 JBLM
- Report Illegal Dumping: 253-967-3107 or 253-912-4442
- Disposal of motor oil, or other waste: 253-967-4786
