

Is Rear D going to continue vehicle maintenance?

- If so, weekly inspections of the Satellite Accumulation Areas for hazardous materials and hazardous waste apply.
- If not, call your waste technician to remove the hazardous waste so no inspections are needed.

Be Prepared to respond to spills and inspections!

Need to know who your waste technician is? Register for the Environmental Operations Management Training?

Call Environmental Operations, Bldg 9679: 253-967-4786.
