

# JBLM Household Hazardous Waste Collection

## What are Household Hazardous Wastes?

Hazardous materials are products that are considered toxic, ignitable, reactive, or corrosive. Product labels may include these terms: **caustic, danger, poison, volatile, flammable, warning and caution.**

**WHO:** Anyone living on JBLM

**WHERE:** Building 9679 Rainier Drive

**PHONE:** 253-967-4786

A typical home contains dozens of products that can harm human health or the environment during their use and disposal. Household cleaners should NEVER be poured down the drain, on the ground, into storm sewers or thrown into trash.

### Examples of acceptable items are:

- |             |                                |
|-------------|--------------------------------|
| Pesticides  | Motor oil                      |
| Herbicides  | Antifreeze                     |
| Propane     | Gasoline                       |
| Aerosols    | Batteries (all types)          |
| Fertilizers | Light bulbs                    |
| Paints      | Most common household cleaners |
| Thinners    |                                |
| Solvents    |                                |

### Items that are unacceptable:

- Unlabeled products
- Leaking containers
- Medication
- Ammunition
- Explosives or radioactive materials
- Items with military markings or NSN
