Disclaimer:

This permit may be revoked at anytime by American Water Military Services. Both Part I (DISCHARGE REQUEST) and Part II (DISCHARGE APPROVAL) of this permit must be physically held by the discharger at all times. Wastewater introduced to the collection system may only occur at the approved discharge location(s) listed in Part I (DISCHARGE REQUEST) of this permit. At no time may wastewater containing oil, hazardous substances, or chemicals/materials not approved under this permit or in non-compliance with the NPDES Permit for US Department of Defense Joint Base Lewis McChord Solo Point WWTP be introduced to the collection system.

American Water Military Services reserves the right to enforce prohibitive discharge standards as set forth in 40 CFR 403.5(a) and (b) categorical pretreatment standards promulgated pursuant to Section 307(b) and (c) of the Act (where applicable), and local limitations and Best Management Practices (BMPs) in accordance with 40 CFR 403.5(c), whichever are more stringent and are applicable to non-domestic users discharging wastewater into the collection system. This may include obtaining remedies from any entity in non-compliance with applicable pretreatment standards and requirements, including but not limited to, disclosing entitie's non-compliance status to the Region 10 Environmental Protection Agency (EPA), prohibition from future discharge permit issuance, and/or fines and penalties.
