

Note that the following lists JBLM installation requirements and requirements under which JBLM installation management operates. This list should only be used as a starting reference. When addressing their own legal and other requirements, organizations should identify and incorporate their organization- and mission-specific requirements and may revise the following based on applicability to organization actions and impacts.

The most current version of this document is available at https://home.army.mil/lewis-mcchord/index.php/my-Joint-Base-Lewis-Mcchord/all-services/public_works-environmental_division/environmental-laws-regulations-and-policies.

This list is organized by type of requirement rather than subject area and utilizes the following acronyms:

USC – United States Code
CFR – Code of Federal Regulation
FR – Federal Register
WAC – Washington Administrative Code
RCW – Revised Code of Washington
DODI – Department of Defense Instruction
AR – Army Regulation
ATP – Army Techniques Publication
PS – Policy Statement

Some documents referenced may retain legacy Fort Lewis designations until they are revised as JBLM documents. The listing will be periodically reviewed and updated.
