E&M Technologies, Inc. is dedicated to recruiting and developing diverse, high-performing talent who are passionate about what they do. Our employees are unified in a shared dedication to our customers' mission and quest for professional growth. E&M provides an inclusive, engaging environment designed to empower employees and promote work-life success. Fundamental to our culture is an unwavering focus on values, dedication to our communities, and commitment to excellence in everything we do.

E&M Technologies, Inc. is currently seeking an **AIOC S2 Intel Spt OSINT Analyst – Swahili** to join our team in **Fort Belvoir, VA** in support of the United States Army Intelligence and Security Command (INSCOM). INSCOM executes mission command of operational intelligence and security forces; conducts, synchronizes, and integrates worldwide multi-discipline and all-source intelligence and security operations; and delivers linguist support and intelligence related advanced skills training, acquisition support, logistics, communications, and other specialized capabilities in support of Army, Joint, and Coalition commands and the U.S. Intelligence Community.

Job Responsibilities:

The Ideal candidate will review, develop, and maintain plans, operations, orders, and assessments. Review, make recommendations to, and support the development of doctrine, organization, training, material, leadership and education, personnel, and facilities (DOTMLPF) change recommendations, requirements, concept development, and doctrine, in accordance with all published and verbal regulations, guidance, and policy. Participate in, and contribute to, planning teams, working groups, and events; write reports and give briefs; coordinate and synchronize Information Operations related capabilities; and promote Information Operations interoperability among Joint, Army, service organizations and agencies in support of 1st Io Command and supported unit missions.

Typical Duties Include:

- Review and provide input to Combatant Command, Army Service Component Command, and higher headquarters plans, and orders for feasibility, compatibility, effectiveness, or expected results.
- Develop Operational Concepts, synchronization matrixes, supporting lines of efforts, and courses of action to support the desired effects and objectives of supported units and organizations.
- Monitor, research, and analyze the information environment of Combatant Command areas of responsibility.
- Research and produce Information Operations assessments, reports, and projections.
- Use online tools and automated systems to collect information, research requirements, support information dissemination, input orders and requirements, and maintain situational awareness of the information environment.

Minimum Qualifications:

- Bachelor's Degree and a minimum of 8 years of relevant experience
- Graduate of the Army Information Operations Planner Course (AIPOC)
- Swahili proficiency of level 3+ or civilian equivalent
- Must be a U.S. Citizen.
- Must have and be capable of maintaining a U.S. Department of Defense (DoD) security clearance at the required level.

Preferred Qualifications:

- Experience participating in and effectively contributing to a highly-collaborative team environment.
- Demonstrated ability to be innovative and to work independently.
- Strong verbal and written communication skills.
- Experience with Microsoft Office Suite (e.g., Word, Excel, PowerPoint, etc.)

To Apply for this Position:

You must have the Minimum Qualifications in your resume to be selected as a candidate.

Employees may be eligible for a discretionary bonus in addition to base pay. Annual bonuses are designed to reward individual contributions as well as allow employees to share in company results. In addition, E&M Technologies, Inc. provides a variety of benefits including health insurance coverage, life and disability insurance, savings plan, Company paid holidays, and paid time off (PTO) for vacation and/or personal business. Additional benefit details can be found on our website at <https://eandmtech.com/benefits>.

The health and safety of our employees and their families is a top priority. With the continuing impacts of COVID-19 around the world, we are taking action to protect the health and well-being of our colleagues and maintain the safety of the communities where we operate. As a federal contractor, and consistent with **Executive Order 14042** (<https://www.saferfederalworkforce.gov/contractors/>) we will require all newly hired employees in the United States to be fully vaccinated by January 18, 2022, or by your start date if it is after January 18th. Federal guidance allows for disability/medical and religious accommodations with respect to the vaccine requirement. Any requested accommodations must be reviewed and approved (if applicable) in advance of your start date.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, marital status, national origin, age, veteran status, disability, or any other protected class. U.S. Citizenship is required for most positions.
