Job Responsibilities:

- Provide liaison and direct support to the operational commander and Foundry Site Director responsible for generating an operational environment for home station collective training exercises.
- Support Army, Joint, Combined WFXs, training the intelligence elements of brigade combat teams, functional and multifunctional brigades, expeditionary sustainment command and sustainment brigades, and Army special operations forces embedded or standalone WFXs.
- Scenarios will feature the Decisive Action Training Environment (DATE), make use of hybrid threat doctrine, and integrate Unified Action Partner capabilities to meet operational training objectives.

Minimum Qualifications:

- Bachelor's Degree and a minimum of 8 years Army military intelligence experience as enlisted, warrant officer, or officer (or combination of) Soldier; OR Master's Degree and a minimum of 4 years of Army military intelligence experience as enlisted, warrant officer, or officer (or combination of) Soldier.
- At least 2 iterations in a Combat Training Center (CTC) rotational unit serving in an Intelligence capacity.
- Experience with Microsoft Office Suite.
- Familiarization with DATE, employment of Training Aids, Devices, Simulators and Simulations (TADSS), Mission Scenario Event List (MSEL) development, and Synthetic Training Environment Initiatives (STE).
- Exercise Observer/Controller/Trainer (OC/T) experience.
- Must be a U.S. Citizen.

- Must have and be capable of maintaining a U.S. Department of Defense (DOD) security clearance at the required level.

Preferred Qualifications:

- Experience participating in and effectively contributing to a highly-collaborative team environment.
- Demonstrated ability to be innovative and to work independently.
- Strong verbal and written communication skills.
