Description

Job Summary

Dispatch Doctrine writer may operate as part of the on-site in country team or work remotely. The Rigging and Air Dispatch Doctrine writer will collaborate with other doctrine writers, both on-site and remotely, to develop the required doctrinal publications. This position requires tactical and operational experience in providing tactical guidance and planning considerations for the rigging of military parachutes, and specialized military equipment. This position requires tactical and operational experience, as well as developing unit capabilities to achieve organizational mandates and missions. The SME must be familiar with Joint Operations, and how Rigging and Air Dispatch concepts and capabilities can be scaled and adapted to support establishing the desired client capabilities.

Desired Qualifications

- Retired or former military rigger (NATO) with extensive tactical experience with rigging and air dispatch in support of Airborne, Air Assault, and Special Operations.
- Ability to provide expert advice and counsel to senior military leaders on the tactical application of military rigging and air dispatch operations in support of land operations
- Excellent verbal, written, management and leadership skills to effectively accomplish the duties and mission
- Demonstrated ability to work collaboratively in on-site and distributed work environments with minimal oversight
- Advanced Microsoft Office Suite Skills (emphasis in Microsoft Word and PowerPoint)
- Possess active Secret or higher security clearance or the ability to obtain an interim clearance
- Possess a valid Passport (with more than 6 months to expiration)
- Joint operations experience is desired

Education and/or Experience:

- Associate or Bachelor's Degree or BA in military science, or a related field
