Fort Hunter Liggett Open House May 15

FORT HUNTER LIGGETT, Calif. – Have you ever wanted to know what goes on behind the fence of a military installation? Fort Hunter Liggett is opening up its doors to the public on May 15 from 10 a.m. to 3 p.m. for the chance to talk to Soldiers and Army Civilians, fire an M4 at a virtual target in an Army weapons simulator, check out Army equipment and vehicles, see inside a barracks, watch Soldiers demonstrate the latest physical fitness test, view historic buildings, learn how we support training and take care of our land and cultural resources, and much more.

The celebration falls on Armed Forces Day, and marks America's preparation to enter World War II by establishing Hunter Liggett Military Reservation on Jan. 10, 1941. All events are free to the public and celebrate the installation's 80 years of continuous service to the country.

Visitors will be greeted at the intersection of Jolon and Mission roads, and given passes, a map and schedule of events. Random security checks will occur throughout the day, and COVID-19 protocols will be in place, to include wearing masks outdoors when near others. All visitors 18 and older need to provide valid identification for access. Visitors are asked to only go to areas identified on the map and not wander into residential or training areas.

The main event highlights are:

10:30 – Fly-in of Betsy's Biscuit Bomber, WWII aircraft from Estrella Warbirds Museum in Paso Robles, at the Schoonover Airstrip on Mission Road

11:30 – Opening Ceremony with artillery salute by the 91st Training Division

11:45 – Future Joint Service Member Swearing-In Ceremony

On-going activities and attractions at the Hacienda/Tin Barn:

A guest speaker from the California Military History Museum will discuss the Central Coast military ramp-up for World War II (11 a.m., 1 p.m., and 2 p.m.). There will be displays from various installation directorates, community organizations, and military recruiters, along with videos of training activities

Fort Hunter Liggett provides installation services and sustains facilities to enable Total Force Readiness. It is the seventh largest Army installation and the largest Army Reserve installation in the country.
