## Fort Meade Selected as My Army Post App Pilot Site

A screenshot of the My Army Post app interface. The top bar is black with the text "My Army Post" and three icons on the right. Below the bar, there are three columns of text and images. The first column is titled "Empowering users with real time crowd source data" and shows a smartphone screen with a map. The second column is titled "View Live gate status and traffic information" and shows a smartphone screen with a map and a "Live Gate Status" section. The third column is titled "Download the App!" and shows a QR code. Below the QR code, there is a section titled "Be a Part of the Pilot" with the text "Your chance to influence the application development". At the bottom, there is a section titled "We want to hear from you!" with two images of the app interface. The first image shows a "Good Evening" message with a temperature of 28 degrees. The second image shows a "Send Feedback" button.

The My Army Post app is your one-stop solution, offering real-time updates on gate openings and closings, traffic flow information, financial insights, school details, fitness resources, dining options, job opportunities, housing information, and more. We believe these features will significantly improve your day-to-day experience within our community. We invite you to actively engage with the app during its pilot phase. Your feedback is crucial in shaping the development and usability of the My Army Post app. By exploring its features and providing your insights, you play a vital role in making this platform the go-to resource for our community. ## Safety Corner Child Safety Seat Safety

## - Child Safety Seat Did you know?

Car crashes are a leading cause of death of children 1 to 13. While you may already know the safest place for your youngest passengers is in the back seat – in a car seat, booster seat or seat belt – correctly choosing and using the right restraint may not be as simple as you think.
