MEMORANDUM FOR United States Army Garrison - Fort Meade Tenant Organizations

SUBJECT: United States Army Garrison - Fort Meade Catalog of Services for Fiscal Year 2024

1. Welcome to Fort Meade. This catalog of services was designed to acquaint receivers with the services available from our garrison, and to inform receivers what to expect for the next fiscal year in terms of baseline level of non-reimbursable support and the standard reimbursable fees that all receivers pay. This catalog provides descriptions and reimbursement criteria for receivers. Receivers will refer to this catalog as a guide to identify the available support services provided on an equitable basis to all receivers in our customer base.
2. We are committed to providing support to Army, DoD, non-DoD Federal activities, and private organizations to the extent that capabilities exist and mission assignments permit, in the best interest of the U.S. Government and the DoD as a whole.
3. Services will be delivered in accordance with IMCOM directed capabilities, which are based on resourcing levels (funding and manpower). The supplier cannot exceed the assigned capability levels. Receivers may request service above the baseline level of service, but the receiver must provide funding for the incremental increase in cost. If the supplier receives additional resources during the fiscal year, the level of service will be adjusted for all receivers.
4. Support that is not described in this catalog, which is mission unique or above the baseline levels of service, is reimbursable and will be documented in a separate Installation Agreement (IA) between the supplier and receiver per DoDI 4000.1 and AR 5-9.
5. For services not provided by USAG-FMMD but by MEDDAC, Local Network Enterprise Center (LNEC), Logistics Readiness Center (LRC) (e.g., transportation), Defense Finance and Accounting Services (DFAS) (i.e., military pay), or other, contact the respective organization directly.
6. The points of contact for this catalog and for supplemental IAs are, Installation Agreement Managers, Ms. Lakisha Morrison, 301-677-6728 or lakisha.a.morrison.civ@army.mil or Ms. Carol Tabb, 301-677-9203 or carol.m.tabb.civ@army.mil.

SUBJECT: United States Army Garrison - Fort Meade Catalog of Services for Fiscal Year 2024

7. If you have questions or concerns, please do not hesitate to contact the garrison points of contact provided for each service throughout the catalog, or the Installation Agreement Managers.

MICHAEL A. SAPP
COL, MI

PURPOSE

This catalog has been developed to provide United States Army Garrison (USAG), Fort George G. Meade Tenant customers with information on where and how to request support services and agreements with USAG Fort Meade. The catalog also provides USAG Fort Meade customers with a description of the procedures used for preparing, negotiating and developing Garrison agreements.

POINT OF CONTACT FOR THIS CATALOG

Lakisha Morrison

Manpower & Agreements Office, Support Agreement Manager (SAM)

Lakisha.a.morrison.civ@army.mil

SCOPE

This catalog applies to USAG Fort Meade and its Army and non-Army organization.

GARRISON SUPPORT AGREEMENT PROCEDURES

The USAG Fort Meade Support Agreement Manager (SAM) is responsible for formulating Garrison Agreements and providing guidance to all receivers of support services. Direct coordination and communication with the SAM is required.

REVIEW PROCEDURES

Funding Annex Reviews. An annual review of the Funding Annex will be accomplished by the Garrison's Resource Management Office (RMO). Estimated costs in the funding annexes are reviewed against actual expenditures and the funding annex may be revised accordingly. Billing items will be based on flat-rates or actual costs, depending on the service, unless specifically stated otherwise in the Agreement.

SUPPORT AGREEMENT REVIEWS

MOA/MOUs. With or without a review, the agreement continues for a maximum of 9 years, when it will be terminated, the project it addresses is complete, or is superseded by a new agreement. USAG Fort Meade or any affected party to the agreement may initiate a review of the agreement at any time to address changes or modifications needed in the agreement. Contact the USAG Fort Meade SAM for to request changes to the agreement.

Support Agreements are written for a period of 9 years and will be valid from the last signature date until a new review is performed to supersede the existing agreement or the agreement is terminated. USAG Fort Meade or the receiver to the agreement may initiate a review of the agreement at any time to address changes or modifications needed in the agreement. Contact the USAG Fort Meade SAM to request changes to the agreement. Any change/revision/termination of an agreement requires 180-day notification by either party.

GENERAL REIMBURSEMENT GUIDELINES

Nothing in this agreement shall be construed to obligate the SUPPLIER to expend or obligate funds in violation of the Anti-Deficiency Act, 31 U.S.C. Section 1341.

Reimbursable guidance is based on the type of organization receiving the support. The following general rules apply.

Base Support refers to the resources to operate and maintain Army installations. It is comprised of two sub-activity groups: Base Operations Support (BOS) and Sustainment, Restoration, and Modernization (SRM). SRM includes Demolition and Disposal of Excess Facilities. BOS is further

subdivided into two groups: Installation Services and Facility Operations/Real Property Services. When referred to collectively the above are referred to as Base Support.

The Army funds facility sustainment based upon the requirements earned through the Facility Sustainment Model (FSM) for facilities included in the installation real property inventory (RPI) and maintained with installation appropriation funds. Organizations receiving funding (FSM) for these facilities are responsible for baseline levels of support and cannot pass these costs to others. Directorate of Public Works (DPW)/G4 can provide specific guidance when questions arise as to coding/funding received.

Mission-unique support consists of support that is not normally provided to Army installation customers and for which IMCOM is not resourced or configured to provide under baseline levels of support. The Army customer will program, budget, and fund the cost of mission unique support from its mission fund accounts or headquarters operating budget.

Chargeable costs must be measurable and directly attributable to the receiver/receivers. Directly attributable costs are costs which can be directly and unambiguously attributed to the receiver and the specific service/services.

Cost associated with common-use infrastructure and common-use services are non-reimbursable, except for support provided **solely for the benefit** of one or a few receivers when requested

Army Customers

The garrison that has management control over an installation's Base Support is responsible for providing baseline levels of support in accordance with Army and IMCOM priorities, funding guidance, Army's approved Installation Status Report (ISR) - Services Standards and Metrics, and available resources. Please note that there are other commands that provide Installation Services (e.g. NETCOM, LRC, and DHA/MEDCOM). Indicators that determine if the Army entity is non-reimbursable:

When the Servicing Agency and Requesting Agency are both financed by the same Army appropriation and Requesting Agency is in the Servicing Agency baseline funding and budget.

When the Servicing Agency and Requesting Agency are financed by different Army appropriation and transfer of resources and budgeting responsibilities is executed.

Non-Army FPA Customers.

Other DoD agencies reimburse for all measurable and attributable incremental direct costs.

Non-DoD federal agencies reimburse for all measurable and attributable direct and indirect/overhead costs.

Provide and maintain fire extinguishers. 5. Provide and maintain fire suppression, fire detection, and fire alarm systems. <p>References: AR 420-1 Chapter 25</p>

Directorate of Operations/Physical Security

600	Physical Security
Service Definition	Provides a safe and secure environment through employment of physical security measures that are realistic, harmonized with other security disciplines, and provide the necessary flexibility for commanders to prevent unauthorized access and protect personnel, installations, operations, and related assets and resources against capable threats (loss, misuse, damage, destruction) from terrorists, criminal activity, and other subversive or illegal activity. Provides planning and services for blast mitigation, physical security communication systems, explosives detection, electronic intrusion detection, personnel protection, site improvements, and security forces and technicians. Provides Planning and Services does not imply that Physical Security will provide the funding for those services; some funding will be the garrison or tenant organizations responsibility.
Service Outcome	Provide a safe and secure installation and support tenant organizations requirements.

Access Control	When required	Installation Visitor Control Center, vetting - 2	Additional operating hours to support above baseline manning requirements. Garrison Command Specific missions.	Loaded Hourly \$65; Overtime costs incurred for support events that cause an increase to NORMAL traffic volume	Actual

Service Specific Instructions / Definitions

SUPPLIER WILL: [CHANGED dtd April 2021] Provides base line services as stated above for the Installation and tenant units/organizations. All above base line Physical Security services are the responsibility of the tenant units/organizations through reimbursable agreements or independently.

RECEIVER WILL: [CHANGED dtd April 2021] Provide reimbursement cost for all above base line services as stated above or provide those services independently from the installation services.

References: [CHANGED dtd April 2021]

Army Regulations 190-11, 190-13, 190-51, 190-56 series.

DOD 5200-8, Physical Security Program.

AR 215-8 and AFI 34-211 (I) Army and Air Force Exchange Service Operations dated 5 Oct 12.

EOP 16-01 Security dated October 2013.

EOP 40-11 Special Retail Programs dated January 2011.

DODD 5105.55 Defense Commissary Agency (DeCA) dated 12 Mar 08.

DOD 4525.6 Department of Defense Postal Manual dated 15 Aug 02.

Note 1: Removed dtd Sep 2020

Note 2: DES building security is a cost share. Any DES building that is occupied by more than Physical Security will have a cost share for the IDS, CCTV, and restricted area entry system. If Physical Security is not co-located with the DES, then the DES is responsible for the full funding.

Note 3: If the garrison's PSO wants to maintain managing the garrison Key and Lock program that is a garrison command decision. The intent is for DPW and tenant organizations in the garrison to fund their lock requirements.

Note 4: Changes are based on that none of the references below mandates QPSM funds for any security requirements. All the references have some security requirements and has outlined guidance for funding those requirements. The references referred too are Note 4 changes will take effect 1 Oct 22, garrisons need to establish reimbursable cost.

Note 5: As AME prepares their POM process for FY24 and out, IMCOM will cover the cost for IDS at Army Museums through FY23.

Note 6: IMCOM will support AAFES and Commissaries based on the risk level for the facility and their regulatory requirement. Garrisons will be prepared to provide the risk analysis worksheet for each facility along with the regulatory requirement. CCTV is not included in this, OPMG does not fund for CCTVs so all CCTV services are and will be under a reimbursable cost.

Directorate of Operations/Law Enforcement

601	Law Enforcement
Service Definition	Enforce Federal and State criminal and traffic laws in order to protect buildings, grounds, property and persons. This SSP supports all program compliance requirements to include enforcement of all federal and state criminal law when federal criminal law and the Uniform Code of Military Justice do not apply. This includes conducting investigations, serving Federal warrants and subpoenas, maintaining a database of domestic violence incidences, enforcement of civilian protective orders, conservation law, and the enforcement of traffic law. Requires law enforcement records to be appropriately collected, stored, and disseminated in accordance with Federal Law and DoD policy. Department of the Army Police Officers and Military Police must be properly trained and certified in order to perform Law Enforcement duties in a legally sufficient manner. Law enforcement responds to intrusion detection system alarms and conducts periodic security checks of facilities and areas outside of unit level responsibility that are used to store sensitive or critical items or equipment in support of the physical security mission and security in depth concept at the installation level.
Service Outcome	Provide a safe and secure installation and support tenant organizations requirements.

Directorate of Operations/Army Emergency Management

604	Army Emergency Management Services
Service Definition	The Army EM Program is the Army's comprehensive program for preparedness, mitigation, response, and recovery on Army installations and facilities to reduce the loss of life and property and to protect the Army from all hazards, including Chemical, Biological, Radiological, Nuclear, and High-Yield Explosive (CBRNE) incidents.
Service Outcome	Provide a comprehensive Emergency Management Program that facilitates and validates installation readiness and capability to prevent, protect, mitigate, respond and recover from an 'all-hazards' event while ensuring/restoring mission assurance across the installation.

ISR PSC	CLS SSP	Title	Description
1	A	Emergency Management (EM) Planning	This SSP provides for the development of deliberate & incident planning to protect, prevent, mitigate, respond to and recover from emergencies resulting from an "all hazards" (natural, technological, terrorism, CBRNE) event in order to enhance EM capabilities.
2	B	Emergency Management (EM) Program Management	This SSP provides for all supporting requirements specified in DA PAM 525-27 for the Emergency Management Program.
3	C	Emergency Management (EM) Training & Exercises	This SSP provides for the development, management, execution, evaluation of (garrison & individual) and exercises (full scale, functional, tabletop) to support the assessment of the installations capability to prevent, protect, mitigate, respond to, and recover from an "all-hazards" event. This SSP implements the National Incident Management System (NIMS) guidance in the training and exercise process that support the execution of a comprehensive and overarching Emergency Management Plan. This SSP provides for garrison awareness-level, and technical level training at installations as required by regulatory guidance. This SSP provides for the ability to exercise; prevention, protection, mitigation response and recovery phase operations for emergencies resulting from natural hazards, technological, hazards, and acts of terrorism, to include CBRNE events.

Reimburse for Baseline Services	No	No	No	No	No	No
Reimburse for Above	NA	NA	NA	NA	NA	NA

Service Specific Instructions / Definitions
<p>SUPPLIER WILL:</p> <ol style="list-style-type: none"> Develop and maintain the Installation's Real Property Master Plan. The Master Plan establishes the basic framework for developing and managing real property on the installation IAW AR 210-20. This includes developing the installation's overall plan for using and investing in real property to support installation missions and DA objectives. The Master Plan describes permanent comprehensive/holistic solutions, as well as short-term actions necessary to correct deficiencies and meet real property requirements. Establish, Verify, and Maintain Real Property Requirements. This service includes plans to deal with excess and deficit real property. Conduct analysis of each Category Code that has all permanent assets greater than requirement by 5% or more. Ensure corrections to databases such as ASIP correctly identify updated stationing requirement. If GFEBS cannot eliminate the excess then consider whether a RPLANS edit is necessary. If, after an analysis, submission of RPLANS edits, and corrections to databases, an excess is projected to remain 5% or more, then develop a plan to deal with the excess must be generated. Provide Major Construction Programming Services. These services include the review and coordination of analysis, preparation, and submission of major construction projects IAW AR 210-20, AR 415-15, AR 420-10, and other applicable regulations. Coordinate and participate in requirements analysis; Prepare for and participate in Project Review Boards (PRBs); Coordinate and participate in planning and design charrettes; submit DD Forms 1391 as appropriate. Provide maximum utilization of facilities services wherever possible. This program includes analyzing capabilities to support mobilization, deployment, and stationing actions, assigning space in accordance with authorized square footage to ensure the most efficient utilization of space available. Conduct Support where appropriate: space utilization surveys, relocate occupants for efficient space management. Analyze space used versus space allowance when appropriate. Presentation to leadership as needed for space management decisions via the Real Property Planning Board when appropriate. The Real Estate Space Utilization Manager is the primary lead which Master Planners support for the effective updates to the Real Property Master Plan. <p>RECEIVER WILL: Ensure changes to mission plans are coordinated through DPTMS for input into Area Development Plan where appropriate.</p> <p>References: AR 210-20, AR 415-15, and AR 420-10</p>

Directorate of Public Works (G4)

406	Real Estate/Real Property Administration
Service Definition	Plan for, execute and manage life cycle real estate activities and protect real property interests. Provide real property accountability. Includes direct and reimbursable costs for real estate activities. Real Estate/Real Property Administration includes: Provide accountability services. Documents real property assets in compliance with laws, directives, regulations and other appropriate guidance. Provides status, cost, area, capacity, condition, use and management information for real property. Provide acquisition services. Coordinate, document and execute activities associated with acquisition of RE interests and assets. Provide for and manage use of Army real property assets; coordinates, documents and executes activities associated with the asset management. Provide disposal services. Coordinate, document and execute activities associated with disposal of RE interests and assets. Provide land management. Coordinates, documents and executes activities associated with land management; includes encroachments.
Service Outcome	

Installation / Location	Hours	POCs
4216 Roberts Ave Fort Meade MD 20755	0800-1600 M - F	Kiara Bethea 301-677-9180

Tenant Category	Army	DoD, Non-Army	Federal, Non-DoD	NFE	NAFI	AAFES OCONUS	AAFES CONUS
Reimburse for Baseline Services	No	Yes	Yes	Yes	Yes	No	Yes
Reimburse for Above Baseline Services	NA	NA	NA	NA	NA	NA	NA

<p>Service Specific Instructions / Definitions</p> <p>Data Source: Per AR 405-45, all real property assets must be physically inspected at least once every five (5) years. The current physical inventory should specifically annotate any changes (acquisitions and disposals) in real property assets. Ensure all changes to real property assets, resulting from the physical inventory, are entered into the Accountable Property System of Record (PRIDE) in a timely fashion.</p> <p>Notes: Asset data: Number of real property assets and the physical inspection asset review date are top loaded from HQIIS, the Army's repository of real property and related data. Asset data in HQIIS comes from the source system, e.g., PRIDE. Excluded from asset count are Army National Guard state-owned assets with no Federal reimbursement (all ASC are No), Civil Works sites, USACE leasehold sites, land acquisition tracts, assets with no RPUID assigned, assets with an operational status 'DISP' (disposed) with a disposal completion date or an operational status of "TBA" (to be acquired). Assets on ARNG enclaves are included in the count. Heritage assets to be excluded from the count are identified by an historical status code that identifies an historical asset and an historic status review date. The number of real property assets that have current physical inspection are counted if they are not in the excluded list above and have an asset review date with an asset review coded as 'INSP' that falls within the past five years. This service is to be reported only at the state level and individual installation's data rolled up with the state minus data to the state level. A real property transaction equates to the acceptance of real property, acceptance of a capital improvement, transfer of real property from another Military Service or Federal Agency and the disposal of real property. Per AR 405-45, it is the responsibility of the Real Property Specialist/Manager to enter these transactions into the APSR within 30 days of receipt of accurate documentation. This performance measure covers audit readiness internal controls 4.04 through 4.07. The "Total number of real property transactions", Data Element [b], is the sum of the number of affected assets received whose 30-working day window ends anytime during the quarter being reported. For example: if a complete and accurate DD Form 1354 is accepted by the garrison on 7 Sep (in Q4), the 30-working day window ends on 20 Oct. Include this RP transaction in your Q1 data population. If a complete and accurate DD Form 1354 is accepted by the garrison on 28 Nov (in Q1), the 30-working day window ends on 10 Jan. Include this RP transaction in your Q2 data population.</p> <p>SUPPLIER WILL: Provide management of utilization and facility inventory inspections. Provide real property support and guidance on real property matters for all Army Real Property customers on the installation.</p> <ol style="list-style-type: none"> 1. Provide Accountability Services. This program documents real property assets in compliance with CFO Act, DODI 4165.14, 10 USC 2721, and other federal, state, and local laws. Provides status, cost, area, capacity, condition, use, and management of real property. 2. Provide Customer Support and Staffing Actions. This program gathers, researches, and analyzes real property information, prepares pertinent documents, and makes recommendations in response to statutory requirements. 3. Grant Use of Army Real Property. This program manages the process of granting termed use of Army property to other entities. 4. Dispose of Real Estate, Facilities and Real Estate Interests. This program manages the documentation, coordination, and process associated with disposal actions of real estate, facilities, and real estate interests IAW federal, state, and local law.
--

5. Real Property Inventory Management. This program manages real property utilization survey annually to validate utilization rate in GFEBS, identifying property which are not utilized, underutilized, or not being put to optimum use.

RECEIVER WILL:

1. Submit a letter to the Commander for request of space with approved stationing plan.
2. Submit work order for tracking purposes.
3. Provide documentation for justification of space in a Space Request Package; submit with work order

Volunteer Programs (Army Family Action Plan, Army Family Team Building) - Programs to promote and sustain Army volunteerism and Army volunteers and encourage participation at all levels. Volunteers continue to be active and valued in ACS.

RECEIVER WILL: Comply with directives, regulations, and Suppliers current policies and procedures.

References: AR 608-1

Unless under a reciprocity agreement, ACS services are not reimbursable. ACS services all ID card holders at an Army garrison, with the exception of one program that caters to a certain population.

The EFMP Respite Care program services Army EFMP family members only. Unless there is a reciprocity agreement, Army ACS will not service other entities. If other organizations or military members from another branch other than Army request this service, ACS will refer them back to their Service headquarters.

Directorate of Family, Morale, Welfare, and Recreation (G9)

252	Child and Youth Services (CYS)
Service Definition	Supports the All-Volunteer Force by reducing the conflict between mission and parental responsibilities (regardless of duty location). Child Care and Youth Program Spaces for eligible children 4 weeks -18 years of age are provided through an integrated delivery system of facility-based, home-based and outreach services delivered both on and off post. Program quality and quantity is ensured by meeting statutory requirements, DoD policy and Army standards, enforced by mandatory internal annual inspections (DoD Certification) and external validation (National Accreditation). Program quantity is measured by Child Care Spaces and Youth Program Spaces.
Service Outcome	Provide Child and Youth Service Programs to the All-Volunteer Force

Service Specific Instructions / Definitions
<p>Child and Youth Services supports the All-Volunteer force by reducing conflict between mission and parental responsibilities regardless of duty station. Child Care and Youth Program spaces for eligible children 4 weeks to 18 years of age are provided through an integrated delivery system of facility based, home-based and outreach services delivered both on and off post. Program quality is ensured by meeting statutory requirements, DoD policy and Army standards, enforced by mandatory internal annual inspections (DoD Certifications) and external validation (National Accreditation). Program availability is measured by childcare space and youth program spaces. Programs achieve and sustain quality by pursuing nationally recognized benchmarks and performance standards and increase and sustain availability through on and off post childcare options and supervised programs for youth. Programs maintain affordability for both Soldiers and the Army. Managers and staff are well trained and competent in safeguarding the Army's resources by providing efficient oversight, good fiscal stewardship to reduce waste and protect all assets.</p> <p>DoD Certification and National Accreditation is in lieu of state licensing. Program quality is ensured by meeting statutory requirements as outlined in Public Law 104-106 (Military Child Care Act), DoD policy and Army standards, and is enforced by mandatory internal annual inspections (DoD Certification) and external validation (e.g., National Accreditation).</p> <p>Child Care Programs: A space is defined as any opening within the CYS delivery system to include Child Development Centers, School Age Centers, Family Child Care homes, Homes Off Post and Community Based Programs. Program reduces the conflict between mission and parental responsibilities regardless of duty station. Child Care Program spaces are for eligible children 4 weeks to 12 years of age. Program quality and availability is ensured by meeting statutory requirements, DoD policy and Army standards, enforced by mandatory internal annual inspections (DoD Certifications) and external validation (National Accreditation). Program availability is measured by Child Care Spaces.</p> <p>Quality Child Care Programs are available and accessible. Availability of Child Care Services allows parents to focus on their mission requirements which directly supports Army Readiness and to meet DoD policy on delivering 80% of the childcare demand.</p> <p>Youth Programs: Army CYS YPs support the resilience, well-being, readiness and retention of Army Families. The CYS YP provides age-appropriate experiences that promote positive youth development outcomes. These outcomes are facilitated through a comprehensive and predictable programming framework of Five Service Areas; The Arts, Education Support and Career Development, Character and Leadership Development, Sports, Fitness and Recreation, and Health Wellness and Life Skills. The CYS YP provides consistent and comprehensive opportunities for youth to develop their physical, social, emotional, and cognitive abilities through School Support Services (SSS) Programs, Youth Sports and Fitness (YS&F) Programs, and Instructional Programs (IP). YPs are easily accessible and affordable for all eligible children and youth. SSS Programs within YPs provide Commanders, parents, and CYS staff with strategies and resources to support academic success and wellness for Army children and youth. The School Liaison Officer (SLO) will manage, coordinate, and implement SSS baseline programming to include the Army Youth Sponsorship Program. YS&F Programs within YPs provide age-appropriate experiences that promote positive child and youth developmental outcomes.</p> <p>Availability of Youth Programs allows parents to focus on their mission requirements which directly supports Army Readiness and to meet DoD policy on delivering 35% of the youth demand.</p> <p>SUPPLIER WILL: Support the All-Volunteer Force by reducing the conflict between mission and parental responsibilities (regardless of duty location). Child Care and Youth Program Spaces for eligible children 4 weeks -18 years of age are provided through an integrated delivery system of facility-based, home-based and outreach services delivered both on and off post. Program quality and quantity is ensured by meeting statutory</p>

requirements, DoD policy and Army standards, enforced by mandatory internal annual inspections (DoD Certification) and external validation (National Accreditation). Program quantity is measured by Child Care Spaces and Youth Program Spaces.

Directorate of Family, Morale, Welfare, and Recreation (G9)

253	Sports, Recreation, and Libraries
Service Definition	Resources Base Operations in support of civilian manpower (direct and reimbursable), contracts, training and development, equipment and supplies for all COMPOs to enable the development and delivery of Soldier Programs, Community Recreation, and Direct Common FMWR Support Services that sustain the Total Army, IAW the Army Campaign Plan and the CSA's Strategic Priorities. Programs funded within this MDEP include sports, competitive sports (Marksmanship, LEAPFEST, Biathlon, Marathon), fitness and aquatics, Better Opportunities for Single Soldiers (BOSS), recreation centers, libraries, outdoor recreation, skill development, bowling (16 lanes or less); Direct Common FMWR Support Services (essential command and control and risk management programs for property, funds and personnel) for Family and Morale, Welfare and Recreation (FMWR); and, as designated by Congress, Category C FMWR activities at Remote and Isolated sites. These programs (1) enable Readiness by building upon physical, emotional, social and psychological coping skills; and (2) foster self-reliance and morale by offering positive discretionary activities to mitigate aberrant behaviors. MDEP funds opportunities for Soldiers to reintegrate and Families to reconstitute between deployments, supports survivors and enables rehabilitation for Soldiers through individual skill development and team participation. This MDEP does not fund Rotational Forces and/or Forward Deployed sites.
Service Outcome	

ISR PSC	CLS SSP	Title	Description
1	A	Provide Physical Fitness Programs	The Army emphasizes the importance of physical capability for the occupational tasks that Soldiers are required to perform by designating this program Category A, Mission sustaining. Provides Garrison capabilities to conduct functional fitness programs in support of TC 3-20.21, required to assist commanders in meeting the physical requirements of the Mission Essential Task List (METL). Provides authorized patrons opportunities to enhance individual readiness, resiliency, and general physical fitness and contribute to overall wellness. Essential to sustain the force, and build resiliency through fitness, recreation and leisure activities. Programs support the expeditionary Army and provide opportunities throughout the ARFORGEN cycle to reconstitute Soldiers for future deployments / contingencies, prepare Soldiers to reintegrate, provide Soldiers and Families healthy alternatives that mitigate the accumulated effects of conflict and reestablish a work-life balance.
2	L	Provide Direct Common FMWR Support Services	Perform functions related to regulatory requirements and develop or implement policy, monitor compliance and provide oversight, review program performance, or provide direct administrative support to the aforementioned functions. Facilitate intra-agency and/or cross-functional issues; facilitate the development of plans and actions ISO of Senior Commander/Garrison Commander directed actions/requirements. Through a variety of methods, integrates data across functions to develop responses to a wide variety of tasks affecting programs and services. Statutory and regulatory defined management of funds. Tracks and executes current/prior year annual funding and the UFM reimbursable program. Primary areas include safeguarding APF and NAF assets through proper use of management controls, maximizing use of capital through efficient cash and capital budgeting, and identifying operating opportunities and problems through the preparation and use of budgets and financial analyses.
3	D	Provide Aquatic Programs	Aquatic Facilities are a key component of mission readiness. Aquatic Training Programs are required for unit water survival training, enhancing Soldier swimming skills, support rehabilitation of wounded warriors and support the general health of the military community. The Army emphasizes the importance of physical capability for the occupational tasks that Soldiers are required to perform. Recreation Swim Programs enable water survival training, enhance Soldier swimming skills, support rehabilitation of wounded warriors and support the general health of the military community.
4		Provide Outdoor Recreation Program	Provides self-directed recreation opportunities and directed life skill building instruction in a variety of healthful, vigorous, and comprehensive outdoor recreation programs, including high adventure activities which enhance unit cohesion, provides positive alternatives to high risk/destructive behavior, build esprit de corps, develop individual coping skills, enhance personal and unit resiliency, test functional fitness and motor skill sets, and promote well-being. Programs and services are environmentally conscious, conserving and protecting wildlife, forests, wetlands, and other natural resources. Includes Warrior Adventure Quest (WAQ) which combines existing outdoor recreation high adventure, high adrenaline activities with leader-led after-action debriefing (LLAAD) techniques in an interactive training environment; introduces Soldiers to the combat operational stress control (COSC) model; assists Soldier re-

			integration, empower small-unit leaders, maintain combat readiness, and increase unit cohesion.
5	C	Provide Library/Information Services	The Library and Information Services Program consists of libraries that support readiness, the military mission, quality of life, voluntary education, professional and technical education and training, lifelong learning, transition and career assistance, and leisure needs of military communities. The program reaches out from facility to the Soldier in the barracks, at home or while deployed through hard copy materials as well as electronic (IT) and web-based programs and services. Libraries offer computers which provide Soldiers and Families opportunities to communicate on-line during deployments and TDY assignments; they also provide sources for educational advancement of all ages, electronic research from and across a variety of informational databases, and programs offering life-enhancing informational and skill development opportunities.
6	E	Provide Community and Recreation Programs and Services	Provide a comprehensive MWR program with both directed and self-directed individual and group activities specifically targeted to the DoD community as a whole, but with special emphasis on military personnel. These programs can be stand-alone, consolidated, and/or integrated programs that best meet the needs of the community they serve. Provides community recreation facilities, program personnel, leisure and non-facility-based activities for authorized patrons to build individual life skills, enhance social interaction, mitigate aberrant behaviors, and contribute to an overall sense of community.
8	B	Intramural Sports Program /Outdoor Sports Fields and Complexes	Provides Garrison capabilities that enable Active Duty personnel unit-level intramural programs designed to encourage large scale unit participation in positive alternatives that lessen aberrant and destructive behaviors, contribute to unit cohesion, enhance esprit de corps, build life skills, and increase individual resiliency. For select group of elite athletes, the intramural program may be a stepping stone to higher competitions such as All Army, Armed Forces, and both National and International competitions, including the Olympics. Enables Phase I of CSA Initiative Army Sports Program is conducted and executed. Equipment use for competitive athletic programs meets the standards as published by the respective US governing body. All personnel are trained on basic principles of fitness, event management, customer service and MWR business operations. Personnel that provide special services are certified by a nationally recognized organization (i.e., Red Cross certification for WSI and Lifeguards).
9	G	Provide Automotive Skills Program	The Automotive Skills program provides authorized patrons a wide range of skill development activities to enhance individual coping skills and self-reliance, develop life skills, and reduce maintenance costs through self-help repairs. Facilitates the rehabilitation of Wounded Warriors by improving fine motor skills (hand-eye coordination skills).
10	H	Provide Arts and Crafts Program	The Arts and Crafts program offers educational, self-development activities that advance technical knowledge and skills and offer opportunities for creative growth and resiliency. Provides authorized patrons a wide range of skill development activities to enhance individual coping skills and self-reliance, develop personal creativity, increase cultural awareness, and facilitates the rehabilitation of Wounded Warriors by improving fine motor skills (hand-eye coordination skills) and provides emotional relief by encouraging expression of feelings and concerns which relieve depression and anxiety.
11	J	Provide Leisure Travel Services	Provides authorized patrons off-post leisure and recreational opportunities such as discounted tickets to nationwide sporting events, theme parks, concerts, movies, theater productions, museums, and sightseeing tours. The program similarly offers reduced cost lodging at popular USA destinations and discounted prices for cruises and vacations.
12	K	Provide Entertainment Program	Performing Arts (Music, Drama, and Theater) Programs provide diverse, demand-driven activities in the creative arts for authorized patrons. The program intent is to offer community involvement opportunities to increase interpersonal skill development, leadership abilities and morale; enhance resiliency, readiness and integration; and improve quality of life. Skill building activities include: plays, vocals and dance, concerts, variety shows and educational programming which may result in public performances and live commercial entertainment.
