d. Memorialization Selection.

(1) During the first quarter of each fiscal year, the Garrison Commander will issue guidance for the upcoming year. There may also be nomination opportunities that arise from current events (see Appendix A).

(2) During the second quarter, the DHR office solicits nominations from units/tenants/organizations through the Memorialization Committee. The Public Affairs Office will announce the nomination process through the command information program in order to inform individuals of the opportunity to participate in the naming process. Those who desire to nominate should develop the required information (see paragraph 5) and then formally submit nominations in writing to the Garrison Commander through the DHR office.

e. Budget.

(1) The Committee will discuss the requirements for the succeeding years Command Operating Budget (COB) submission during the second quarter committee meeting. Determination of funding (DLIFLC and/or USAG POM) will occur during this meeting.

(2) Requirements for outdoor plaques and signs will be directed thru DPW for inclusion in its submission to the COB.

Plaques or engraved plates which are to be permanently affixed to a building or structure are categorized as memorials.

(b) Requisition plaques or other bases to which a plate can be attached through normal supply channels. The commander who will select the design will charge the associated costs to the OMA funds.

Garrison staff members will serve in an advisory capacity and provide assistance. However, the proponent agency remains the organization with primary responsibility.

b. Any former student, staff, or faculty member decorated for heroism in battle, and/or whose conduct serves as inspiration to others may be memorialized.

c. Other personnel considered for memorialization require a significant contribution to DLIFLC & POM, or related programs and activities and careers which are widely recognized and distinguished both at DLIFLC & POM and in the local community.

d. Facilities should be named for persons with ranks, grades, or specialties comparable to those of the main users. Renaming actions are strongly discouraged, and seldom appropriate. Temporary buildings or older buildings that have traditionally been identified by other names generally should not be memorialized.

e. The program will honor deceased distinguished men and women from all races in our society.
