

# POV registration for Poland.

## KNOW-HOW:

[3 things to know: vehicle registration - YouTube](#)

Before we can start your POV registration process, you would need to send via email all required paperwork from POV registration checklist (copies in PDF).

After collecting required paperwork, we can start preparing your POV registration packet and schedule your appointment for vehicle inspection and DMV visit.

Inspection station and DMV visits are held in Poznan, off post, I will be present and will be assisting you during both visits.

We have Tuesdays designated for inspections and Wednesdays and Thursdays for DMV visits (time slot for visits is between 0900-1200, maximum 4 person per designated day).

**Don't forget to deregister your POV before leaving Poland, you will need to do it through our POV Registration Office.**

In case of additional questions, please feel free to contact.

Thank you and standing by.
