

How to be prepared for first POV technical inspection in Poland:

VEHICLE INSPECTION STATION VISIT - CAR:

Be prepared to pay **98.00 PLN (cash or credit / debit card)**.

Bring your current vehicle registration with you, along with bringing the owner's manual or other document showing technical specification of your vehicle, to assist inspection station staff finding vehicle specification.

IMPORTANT NOTICE:

You will not be able to get vehicle inspection pass if you have front side windows tinted (unless light transmission rate is not less than 70%).

According to the Regulation of the Minister of Infrastructure on the technical conditions for driving vehicles and their equipment (§ 8, paragraph 4).

These regulations state that the windshield must have a minimum light transmission of 75%, and the side windshields must have a minimum light transmission of 70%.

There would be an option to take off windows tinting by inspection station staff.

VEHICLE INSPECTION STATION VISIT - MOTORCYCLE:

Be prepared to pay **63.00 PLN (cash or credit / debit card)**.

Bring your current registration with you along with bringing the owner's manual to assist them finding vehicle specification.
