

How to Make a Home Fire Escape Plan

- O Draw a map of your home. Show all doors and windows.
- Visit each room. Find two ways out.
- All windows and doors should open easily. You should be able to use them to get outside.
- Make sure your home has smoke alarms. Push the test button to make sure each alarm is working.
- Pick a meeting place outside. It should be in front of your home. Everyone will meet at the meeting place.
- Make sure your house or building number can be seen from the street.
- O Talk about your plan with everyone in your home.
- O Learn the emergency phone number for your fire department.
- O Practice your home fire escape drill!

• Remember, practice your plan at least twice a year!

Check out **www.sparky.org** for fire safety games and activities. **NFPA** Sparky® is a trademark of NFPA.

Grown-ups: Children don't always awake when the smoke alarm sounds. Know what your child will do before a fire occurs. Get more information on smoke alarms and escape planning at **www.nfpa.org/factsheets.**
